<i>TOTAL APPROPRIATION, FEDERAL FUNDS .....</i>		<u>13,856,161</u>

Notwithstanding the provisions of any State law or regulation to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to the approval of the Director of the Division of Budget and Accounting: emergency disaster aid funds including grants for preventive measures; pass-through grants to political subdivisions of the State over which the State is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first \$500,000 of unanticipated grant awards plus an additional 25 percent of any remaining award amount that is greater than \$500,000, and up to 25 percent of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated, and any such grants intended to prevent threats to homeland security up to 100 percent of previously anticipated or unanticipated grant award amounts for which no State matching funds are required, provided, however, that the Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants.

For the purposes of federal funds appropriations, “political subdivisions of the State” means counties, municipalities, school districts, or agencies thereof, regional, county or municipal authorities, or districts other than interstate authorities or districts; “discretion” refers to any action in which an agency may determine either the amount of funds to be allocated or the recipient of the allocation; and “grants” refers to one-time, or time limited awards, which are received pursuant to submission of a grant application in competition with other grant applications.

The unexpended balances at the end of the preceding fiscal year of federal funds are appropriated for the same purposes. The Director of the Division of Budget and Accounting shall inform the Legislative Budget and Finance Officer by November 1 of the current fiscal year of any unexpended balances which are continued.

Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendations of any department head or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the director deems improper.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification, and within the federal matching funding, in the Division of Medical Assistance and Health Services and Division of Disability Services in the Department of Human Services, and within the Medical Services for the Aged program classification, and within the federal matching funding, in the Division of Aging Services in the Department of Human Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law, regulation or Executive Order to the contrary, any purchase by the State or by a State agency or local government unit of equipment, goods or services related to homeland security and domestic preparedness, that is paid for or reimbursed by federal funds awarded by the U.S. Department of Homeland Security or other federal agency, appropriated in the current fiscal year, may be made through the receipt of public bids or as an alternative to public bidding and subject to the provisions of this paragraph, through direct purchase without advertising for bids or rejecting bids already received but not awarded. The equipment, goods or services purchased by a local government unit shall be referred to in the grant agreement issued by the State administrative agency administering such funds and shall be authorized by resolution of the governing body of the local government unit entering into the grant agreement. Such resolution may, without subsequent action of the local governing body, simultaneously accept the grant from the State administrative agency, authorize the insertion of the revenue and offsetting appropriation in the budget of the local government unit, and authorize the contracting agent of the local government unit to procure the equipment, goods or services. A copy of such resolution shall be filed with the chief financial officer of the local government unit, the State administrative agency and the Division of Local Government Services in the Department of Community Affairs. Purchases made without public bidding shall be from vendors that shall either

- (1) be holders of a current State contract for the equipment, goods or services sought, or
- (2) be participating in a federal procurement program established by a federal department or agency, or
- (3) have been approved by the State Treasurer in consultation with the New Jersey Domestic Security Preparedness Task Force. All homeland security purchases herein shall continue to be subject to all grant requirements and conditions approved by the State administrative agency. The Director of the Division of Purchase and Property may enter into or participate in purchasing agreements with one or more other states, or political subdivisions or compact agencies thereof, for the purchase of such equipment, goods or services, using monies appropriated under this act, to meet the domestic preparedness and homeland security needs of this State. Such purchasing agreement may provide for the sharing of costs and the methods of payments relating to such purchases. Furthermore, a county government awarding a contract for Homeland Security equipment, goods or services, may, with the approval of the vendor, extend the terms and conditions of the contract to any other county government that wants to purchase under that contract, subject to notice and documentation requirements issued by the Director of the Division of Local Government Services.

## FEDERAL FUNDS

---

Of the amounts appropriated for Income Maintenance Management, amounts may be transferred to the various departments in accordance with the Division of Family Development's agreements, subject to the approval of the Director of the Division of Budget and Accounting. Any unobligated balances remaining from funds transferred to the departments shall be transferred back to the Division of Family Development subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, in addition to the federal funds hereinabove appropriated, there are appropriated to the appropriate executive agencies, subject to the approval of the Director of the Division of Budget and Accounting, such additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program or any other similar federal program for the purposes, projects, and programs set forth in such law; provided, however, that if the federal law does not delineate the specific purposes, projects, and programs to be funded by the federal funds, the purposes, projects, and programs to be funded by the federal funds shall be subject to the approval of the Joint Budget Oversight Committee, and further provided, however, that the State Treasurer shall report to the President of the Senate, the Speaker of the General Assembly, the Chair of the Senate Budget and Appropriations Committee, and the Chair of the Assembly Budget Committee at least quarterly on the receipt and utilization of all additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program.

Officials from the appropriate executive agencies are hereby authorized to take such steps, if any, as may be necessary to qualify for, apply for, receive and expend such federal funds and to make such commitments, representations and other agreements as may be required by the federal government to receive federal funds under federal law authorizing the federal economic stimulus program or any other similar federal law. Furthermore, and notwithstanding the provisions of any other law or regulation to the contrary, officials from the appropriate executive agencies may encumber any of these federal funds appropriated pursuant to this provision prior to entering into any contract, grant or other agreement obligating the federal funds, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, federal funds provided under the State Energy Program (SEP) and the Energy Efficiency and Conservation Block Grant Program (Block Grant Program), pursuant to the American Recovery and Reinvestment Act, Pub.L. 111-5 and any other similar type of federal stimulus law which may be hereinafter enacted (collectively referred to as ARRA), are appropriated. Subject to the approval of the Director of the Division of Budget and Accounting as set forth below, such appropriations are to include the administrative costs of the respective agencies in administering the specified programs provided such use is consistent with ARRA and federal approvals. In the event that the administrative costs are not permitted to be paid from the ARRA monies received by the State, there is hereby appropriated from the Clean Energy Fund, subject to the approval of the Director of the Division of Budget and Accounting such amounts as shall be necessary to pay for the administrative costs of the agencies administering the specified programs listed below. Notwithstanding the specific appropriations made below, in the event that the federal funds received under ARRA are not in their entirety or in part allocated to the specific purposes listed below, to permit flexibility in the handling of appropriations, amounts may be transferred to and from the various items of the appropriations listed below or may be used for such other purposes permitted under ARRA subject to the approval of the Director of the Division of Budget and Accounting and upon the recommendation of the State Treasurer. The federal funds provided pursuant to ARRA with respect to the SEP shall be used only for purposes allowed under part D of Title III of the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.), and the federal funds provided pursuant to ARRA with respect to the Block Grant Program shall be used only for implementation of programs authorized under subtitle E of Title V of the Energy Independence and Security Act of 2007 (42 U.S.C. 17151 et seq.). With respect to all federal funds which are appropriated pursuant to this provision, New Jersey Economic Development Authority (NJEDA), New Jersey Housing Mortgage Finance Agency (HMFA), the Office of Energy Savings, and the Board of Public Utilities (BPU) shall prepare and timely submit to the United States Department of Energy (USDOE) the reports required under subsection (c) of section 1512 of Pub.L. 111-5, including without limitation the detailed information required with respect to all projects or activities for which such federal funds were expended or obligated.

a. SEP. SEP monies received by the State under ARRA are hereby appropriated to the Clean Energy Fund and shall be allocated by the BPU as follows. The BPU shall enter into memoranda of understanding with the applicable agencies listed below which memoranda of understanding shall provide for the transfer of such monies to the applicable agencies for the purposes listed below.

- (1) \$14,216,606 to the NJEDA for a grant and loan program to be developed and administered by the NJEDA to fund public and private renewable energy, energy efficiency and alternative energy projects, with applications prioritized based on the ability to create jobs, reduce greenhouse gas emissions, save or create energy, and provide for innovative technology;
- (2) \$20,187,801 for a program to be developed and administered by the BPU for grants to State departments, agencies, authorities and public colleges and universities for renewable and energy efficiency projects at such entities, including but not limited to, wind, solar, or hydro energy, biofuels, geothermal, and energy storage applications, with applications prioritized by an interagency evaluation team consisting of one representative each from each of the following, BPU, NJEDA, Office of Economic Growth, New Jersey Commission on Science and Technology, and the Office of Energy Savings, based on the ability to create jobs, reduce greenhouse gas emissions, save or create energy, and provide for innovative technology;

- (3) \$9,110,306.50 to the HMFA for a program to be developed and administered by the HMFA to provide financing for the construction of solar energy projects on qualified multi-family housing financed through the HMFA, such funds to be leveraged with existing State energy rebate programs and the federal investment tax credit, with grants prioritized based on the ability to create jobs, generate energy, provide benefits to property residents and to meet HMFA timeframes, and with HMFA retaining ownership of all related solar renewable energy certificates for the purpose of establishing a revolving fund to support additional solar energy projects at HMFA-supported residential properties;
- (4) \$1,331,402 to the HMFA for a low-interest loan program to be developed and administered by the HMFA for energy efficiency upgrades at single-family and multi-family facilities that are at or below 250 percent of the area median income (the higher of statewide or county median income) based on a family of four, and affordable multi-family housing owners which meet HMFA's affordability requirements, and which are not eligible for equivalent financing programs offered by the utilities or the Clean Energy Program;
- (5) \$15,500,870.50 to the Clean Energy Program for energy efficiency programs administered by the BPU, to be issued to public and private entities on a first-come, first-served basis and specifically targeting customers who are either not currently eligible for Clean Energy Fund incentives or whose energy consumption patterns do not make them likely applicants;
- (6) \$6,328,000 to the Office of Energy Savings in the Department of the Treasury for the purposes of energy efficiency and renewable energy programs and projects in State facilities, including State offices, State health facilities and State prisons;
- (7) \$4,871,651 to the State Energy Office for implementing energy conservation measures in State-owned and operated facilities; and
- (8) \$2,093,363 for grants administered by the BPU to State departments, agencies, authorities and public colleges and universities for energy efficient equipment purposes which will reduce energy demand and greenhouse gas emissions by replacing aging, energy intense equipment with new, more efficient models.

In the event that any of the SEP monies appropriated pursuant to the preceding paragraph are not expended by the date required by the USDOE, the appropriations of such funds pursuant to the preceding paragraph are hereby cancelled, and such unexpended funds are hereby appropriated, subject to the approval of the USDOE and the Director of the Division of Budget and Accounting to the New Jersey Department of the Treasury to establish a revolving energy efficiency project fund (Energy Efficiency Project Fund) for the purposes of funding energy efficiency and renewable energy programs and projects in State facilities, including but not limited to State offices, State health facilities and State prisons. The monies appropriated from the Energy Efficiency Project Fund shall be repaid to the Energy Efficiency Project Fund by the department receiving such monies as follows: of the amounts hereinabove appropriated in this Act to each department receiving monies from the Energy Efficiency Project Fund, there is hereby appropriated for deposit in the Energy Efficiency Project Fund an amount equivalent to the annual repayment due to the Energy Efficiency Project Fund or the actual savings achieved, whichever is greater.

- b. Block Grant Program. Block Grant monies received by the State under ARRA are hereby appropriated as follows: (1) \$4,160,700 to the Office of Energy Savings in the Department of the Treasury for the purposes of energy efficiency and renewable energy programs and projects in State facilities, including State offices, State health facilities and State prisons; and (2) \$10,240,000 to the BPU for grants to cities, counties and other local units of government which are not eligible to receive directly from the federal government funds under the Block Grant Program.

Notwithstanding the provisions of any law or regulation to the contrary, the Department of Labor and Workforce Development shall consider consistent with applicable federal law a formal association of community based organizations to be a "local consortium" for the purposes of receiving funding for the delivery of English as a Second Language or Civics education/training.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred among accounts in the Children's System of Care Services program classification. Amounts may also be transferred to and from various items of appropriation within the General Medical Services program classification of the Division of Medical Assistance and Health Services in the Department of Human Services and the Children's System of Care Services program classification in the Department of Children and Families. All such transfers are subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

The federal grant funds hereinabove appropriated are subject to the following condition: in the event that the agency receiving the funds from the federal government enters into an agreement with another agency as the subgrantee of such federal funds, the funds may be transferred to such subgrantee agency, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

## FEDERAL FUNDS

---

Notwithstanding the provisions of any law or regulation to the contrary, in order to permit flexibility in the management of federal grant funds, amounts appropriated or transferred from such federal funds to State departments as subgrantees of other State departments may be transferred back to an item of appropriation in the original grant recipient department upon completion of the funded activity, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law or regulation to the contrary, the federal funds hereinabove appropriated to the Department of Transportation are subject to the following condition: in order to ensure the continued flow of necessary federal funds for important State and local transportation projects, in the event the Federal Highway Administration (FHWA) objects to the form of the department's request for submission of competitive bids or to the form or contents of related grant agreements funded with federal funds, the department shall make any changes to such requests or contracts as may be determined by the FHWA to be necessary to comply with federal law; and any other department, agency or authority affected by such action is required to take any further actions required in order for it to be in accordance with the changes required by FHWA.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of mental health and substance use disorder services, amounts may be transferred to and from the various items of appropriation and within the federal matching funding, within the General Medical Services program classification in the Division of Medical Assistance and Health Services and the Community Services and Addiction Services program classifications in the Division of Mental Health and Addiction Services, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of subsection d. of section 21 of P.L.1984, c.73 (C.27:1B-21), or any other law or regulation to the contrary, transfers among the Federal Highway Administration and the Federal Transit Administration federal appropriations by project, under the category of Public Transportation, shall not require approval by the Joint Budget Oversight Committee. Notice of a transfer approved by the Director of the Division of Budget and Accounting pursuant to that section shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.
