DEPARTMENT OF HEALTH

Notwithstanding the provisions of P.L.2005, c.237 or any other law or regulation to the contrary, \$32,000,000 from the surcharge on each general hospital and each specialty heart hospital is appropriated to fund federally qualified health centers. Any unexpended balance at the end of the preceding fiscal year in the Health Care Subsidy Fund received through the hospital and other health care initiatives account during the preceding fiscal year is appropriated for payments to federally qualified health centers.

Receipts from licenses, permits, fines, penalties, and fees collected by the Department of Health, in excess of those anticipated, are appropriated, subject to a plan prepared by the department and approved by the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of section 7 of P.L.1992, c.160 (C.26:2H-18.57) or any law or regulation to the contrary, the first \$1,200,000 in per adjusted admission charge assessment revenues, attributable to \$10 per adjusted admission charge assessments made by the Department of Health, shall be anticipated as revenue in the General Fund available for health-related purposes. Furthermore, the remaining revenue attributable to this fee shall be available to carry out the provisions of section 7 of P.L.1992, c.160 (C.26:2H-18.57), as determined by the Commissioner of Health, and subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the State Treasurer shall transfer to the Health Care Subsidy Fund, established pursuant to section 8 of P.L.1992, c.160 (C.26:2H-18.58), only those additional revenues generated from third party liability recoveries, excluding NJ FamilyCare, by the State arising from a review by the Director of the Division of Budget and Accounting of hospital payments reimbursed from the Health Care Subsidy Fund with service dates that are after the date of enactment of P.L.1996, c.29.

Any change in program eligibility criteria and increases in the types of services or rates paid for services to or on behalf of clients for all programs under the purview of the Department of Health, not mandated by federal law, first shall be approved by the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, fees, fines, penalties and assessments owed to the Department of Health shall be offset against payments due and owing from other appropriated funds.

In addition to the amount hereinabove appropriated, receipts from the federal Medicaid (Title XIX) program for health services-related programs throughout the Department of Health are appropriated for the same purpose, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the amounts hereinabove appropriated to the Office of the Chief State Medical Examiner, there are appropriated to the respective State departments and agencies such amounts as may be received or receivable from any instrumentality, municipality, or public authority for direct and indirect costs of all services furnished thereto, except as to such costs for which funds have been included in appropriations otherwise made to the respective State departments and agencies as the Director of the Division of Budget and Accounting shall determine.

7700-150-088070-60 23-495-054-7700-001 7700-495-088070-60 Notwithstanding the provisions of R.S.30:4-78, or any law or regulation to the contrary, the State share of payments from the Support of Patients in County Psychiatric Hospitals account to the several county psychiatric facilities on behalf of the reasonable cost of maintenance of patients deemed to be county indigents shall be at the rate of 125 percent of the rate established by the Commissioner of Human Services, in consultation with the Commissioner of Health, for the period July 1 to December 31 and at the rate of 45 percent of the rate established by the Commissioner of Human Services, in consultation with the Commissioner of Health, for the period January 1 to June 30 such that the total amount to be paid by the State on behalf of county indigent patients for the calendar year shall not exceed 85 percent of the total reasonable per capita cost; and further provided that the rate at which the State will reimburse the county psychiatric hospitals shall not exceed 100 percent of the per capita rate at which each county pays to the State for the reasonable cost of maintenance and clothing of each patient residing in a State psychiatric facility, excluding the depreciation, interest and carry-forward adjustment components of this rate, and including the depreciation, interest, and carry-forward adjustment components of each individual county psychiatric hospital's rate established for the period January 1 to December 31 by the Commissioner of Human Services in consultation with the Commissioner of Health. The initial determination of whether a county hospital rate exceeds the per capita rate that counties pay to the State on behalf of applicable patients residing in a State psychiatric facility will be based on a comparison of estimated cost used to set reimbursement rates for the upcoming calendar year. A second comparison of the actual per diem costs of the county psychiatric hospital and State psychiatric hospitals will be completed after actual cost reports for the period are available including an inflationary adjustment for the six-month difference in fiscal reporting periods between State and county hospitals. The county hospital carry-forward adjustment to be included in rates paid by the State will exclude costs found to exceed 100 percent of the actual cost rate of the State psychiatric facilities.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the following provision: payments to county psychiatric hospitals will only be made after receipt of their claims by the Division of Mental Health and Addiction Services. County psychiatric hospitals shall submit such claims no less frequently than quarterly and within 15 days of the close of each quarter.

7700-150-088070-60 23-495-054-7700-001 7700-495-088070-60 With the exception of all past, present, and future revenues representing federal financial participation received by the State from the United States that is based on payments to hospitals that serve a disproportionate share of low-income patients, which shall be retained by the State, the sharing of revenues received to defray the State Aid appropriation for the costs of maintaining patients in State and county psychiatric hospitals shall be based on the same percent as costs are shared between the State and counties.

7700-150-088070-60 23-495-054-7700-001 7700-495-088070-60 The amount hereinabove appropriated for State Aid reimbursement payments for maintenance of patients in county psychiatric facilities shall be limited to inpatient services only, except that such reimbursement shall be paid to a county for outpatient and partial hospitalization services as defined by the Department of Human Services, if outpatient and/or partial hospitalization services had been previously provided at the county psychiatric facility prior to January 1, 1998. These outpatient and partial hospitalization payments shall not exceed the amount of State Aid funds paid to reimburse outpatient and partial hospitalization services provided during calendar year 1997. In addition, any revision or expansion to the number of inpatient beds or inpatient services provided at such hospitals which will have a material impact on the amount of State Aid payments made for such services, must first be approved by the Department of Human Services before such change is implemented.

7700-150-088070-60 23-495-054-7700-001 7700-495-088070-60 The amount hereinabove appropriated for the Division of Mental Health and Addiction Services for State facility operations and the amount appropriated as State Aid for the costs of county facility operations are first charged to the federal Disproportionate Share Hospital (DSH) reimbursements anticipated as Medicaid uncompensated care. Accordingly, DSH revenues earned by the State related to services provided by county psychiatric hospitals which are supported through this State Aid appropriation shall be considered as the first source supporting the State Aid appropriation.

7700-150-088070-60 23-495-054-7700-001 7700-495-088070-60 In addition to the amounts hereinabove appropriated for the Support of Patients in County Psychiatric Hospitals, in the event that the Assistant Commissioner of the Division of Mental Health and Addiction Services determines that, in order to provide the least restrictive setting appropriate, a patient should be admitted to a county psychiatric hospital in a county other than the one in which the patient is domiciled rather than to a State psychiatric hospital, there are hereby appropriated such additional amounts as may be required, as determined by the Assistant Commissioner to reimburse a county for the extra costs, if any, which were incurred in connection with the care of such patient in a county psychiatric hospital which exceeded the cost of care which would have been incurred had the patient been placed in a State psychiatric hospital, subject to the approval of the Director of the Division of Budget and Accounting.

7700-150-088070-60 23-495-054-7700-001 7700-495-088070-60 The amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the following provisions: County psychiatric hospitals shall: (1) enroll and continue to maintain enrollment as providers in the State's NJ FamilyCare program; (2) complete or pursue in good faith the completion of eligibility applications for patients who could be NJ FamilyCare eligible; (3) bill the NJ FamilyCare program for all applicable services; and (4) neither admit nor discharge patients based upon NJ FamilyCare eligibility.

The State appropriation for the State's developmental centers is based on ICF/IDD revenues of \$246,905,000, provided that if the ICF/IDD revenues exceed \$246,905,000, an amount equal to the excess ICF/IDD revenues may be deducted from the State appropriation for the developmental centers, subject to the approval of the Director of the Division of Budget and Accounting.

In order to permit flexibility in the handling of appropriations and ensure timely payments to service providers, funds may be transferred to and from the various items of appropriation in the Residential Care and Habilitation Services and Administration and Support Services program classifications within the developmental centers accounts, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the amount hereinabove appropriated for Operation and Support of Educational Institutions of the Division of Developmental Disabilities, such other amounts provided in Inter-Departmental accounts for Employee Benefits, as the Director of the Division of Budget and Accounting shall determine, are considered as appropriated on behalf of the developmental centers and are available for matching federal funds.

The amount provided herein shall be allocated to the private motorbus carriers consistent with the formula used to administer the PCCIP and shall be restricted to those carriers that currently qualify for participation in the PCCIP. These funds may be used for the procurement of any goods or services currently approved under New Jersey Transit Corporation's PCCIP, as well as: facility improvements, vehicle procurement, and capital maintenance that comports with section 3 of P.L.1984, c.73 (C.27:1B–3). Such maintenance and equipment procurements shall apply to vehicles owned by the private motorbus carriers and used in public transportation service, as well as to New Jersey Transit Corporation-owned vehicles. Private motorbus carriers receiving an allocation of such funds shall be required to submit to the New Jersey Transit Corporation a full accounting for all expenditures, demonstrating that the funds were used to increase or maintain the current level of public transportation service provided by the carrier or to improve revenue vehicle maintenance. Under no circumstances shall these funds be used to provide compensation of any officer or owner of a private motorbus carrier.

Notwithstanding the provisions of any State law or regulation to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to the approval of the Director of the Division of Budget and Accounting: emergency disaster aid funds including grants for preventive measures; pass-through grants to political subdivisions of the State over which the State is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first \$500,000 of unanticipated grant awards plus an additional 25 percent of any remaining award amount that is greater than \$500,000, and up to 25 percent of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated; and any such grants intended to prevent threats to homeland security up to 100 percent of previously anticipated or unanticipated grant award amounts for which no State matching funds are required, provided, however, that the Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants.

For the purposes of federal funds appropriations, "political subdivisions of the State" means counties, municipalities, school districts, or agencies thereof, regional, county or municipal authorities, or districts other than interstate authorities or districts; "discretion" refers to any action in which an agency may determine either the amount of funds to be allocated or the recipient of the allocation; and "grants" refers to one-time, or time limited awards, which are received pursuant to submission of a grant application in competition with other grant applications.

The unexpended balances at the end of the preceding fiscal year of federal funds are appropriated for the same purposes. The Director of the Division of Budget and Accounting shall inform the Legislative Budget and Finance Officer by November 1 of the current fiscal year of any unexpended balances which are continued, including any unexpended balances of federal Coronavirus State Fiscal Recovery Fund assistance.

Notwithstanding the provisions of any law or regulation to the contrary, funding allocated to the State from the federal "Coronavirus State Fiscal Recovery Fund" (SFRF) established pursuant to the federal "American Rescue Plan Act of 2021," Pub. L. 117-2, and any other similar type of federal law that may be hereafter enacted, are appropriated and are subject to the following conditions:

- a. with regard to individual items of appropriation in this act, that are eligible for SFRF funding, as determined by the Executive Director of the Governor's Disaster Recovery Office, such eligible items may be paid for using SFRF funds, subject to the approval of the Director of the Division of Budget and Accounting;
- b. with regard to additional programs, projects, and uses of SFRF funds, moneys appropriated by this provision shall be used solely to pay for costs authorized to be paid pursuant to SFRF, which may include, but shall not be limited to, support for the public health response to the COVID-19 Pandemic and the public health emergency and economic distress resulting therefrom; grants to improve ventilation in school facilities and private businesses; responses to the negative economic impacts of the public health emergency, including rent, mortgage, or utility assistance to households; aid to businesses in impacted industries such as tourism, travel, and hospitality; costs of programs to address health disparities including through the remediation of lead hazards; water, sewer, and broadband infrastructure; costs to address educational disparities; costs to promote healthy childhood environments, including the creation of a child care revitalization fund; support for COVID-19 response, recovery, and improvements at health care facilities and hospitals; and costs to support local governments impacted by the pandemic. The determination of eligibility of the specific programs, projects, and uses recommended to be funded by this appropriation shall be made by the Executive Director of the Governor's Disaster Recovery Office, who shall establish an application and review process based on Statewide need, in compliance with federal eligibility requirements, subject to the approval of the Director of the Division of Budget and Accounting. Funding recommendations shall be subject to the approval of the Joint Budget Oversight Committee (JBOC); provided, however, there is appropriated \$300,000,000 from federal funds provided to the State of New Jersey pursuant to the SFRF, an amount not to exceed \$60 million of which may be directly allocated on a one-time basis to pandemic-related programs without JBOC approval and not subject to N.J.S.A. 52:14-34.4, and the remainder of which may be directly allocated to pandemic-related programs not to exceed \$20,000,000 for each such allocation, without JBOC approval and not subject to N.J.S.A.52:14-34.4, subject to SFRF eligibility rules as determined by the Executive Director of the Governor's Disaster Recovery Office, subject to the approval of the Director of the Division of Budget and Accounting. Notice shall be provided to JBOC with respect to each such appropriation. With respect to recommended appropriations of more than \$20,000,000, except the one-time \$60,000,000 allocation authorized herein, and with respect to appropriations exceeding a total of \$300,000,000, approval of the Joint Budget Oversight Committee shall be required; provided, however, that all such recommended appropriations submitted by the Executive Director of the Governor's Recovery Office shall be considered by JBOC at a meeting which shall occur not less frequently than quarterly, with the first quarter of the fiscal year beginning on July 1 and ending on September 30. JBOC shall meet during the third month of the first quarter of the fiscal year. In the event that JBOC fails to meet during a given quarter, any recommendation submitted to JBOC more than 45 days prior to the last day of the quarter shall be deemed approved. Nothing in this paragraph shall be construed to limit the ability of JBOC to meet more than once quarterly.

c. subject to the approval of the Director of the Division of Budget and Accounting, appropriations shall include necessary administrative costs of the respective agencies in administering the individual programs and for the SFRF grants management costs incurred by the Department of Community Affairs, Division of Disaster Recovery & Mitigation, as the State's designated grants manager, in its oversight of the entire portfolio of funds, consistent with SFRF requirements. The administrative costs authorized in this subparagraph for an individual program shall be no more than 5 percent of the cost of that program. In the event that the administrative costs of the agencies and the division administering the programs and projects funded by the SFRF are not permitted to be paid from the federal monies received by the State, there are appropriated from the General Fund such additional sums as are required, subject to the limitations contained in this subparagraph and subject to the approval of the Director of the Division of Budget and Accounting and subject to the approval of the Joint Budget Oversight Committee.

Notwithstanding the provisions of any law or regulation to the contrary, moneys are appropriated from the federal "Coronavirus State Fiscal Recovery Fund" (SFRF) established pursuant to the federal "American Rescue Plan Act of 2021," Pub. L. 117-2, in the following amounts for the following purposes without the additional approval by the Joint Budget Oversight Committee:

L. 117-2 is appropriated to the New Jersey Economic Development Authority to study and plan for new health care facilities at the University Hospital site to meet community health care needs in the City of Newark, and to fund site development and capital construction. The study shall take into consideration how new facilities would complement existing health care services and facilities in the region, and shall be submitted to the Governor, the Legislature, and the University Hospital Board of Directors upon completion. Funding will be made available subject to a determination by the Executive Director of the Governor's Disaster Recovery Office that the proposed use of the funds is an eligible purpose under the American Rescue Plan Act of 2021, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, \$305,000,000 from funding allocated to the State from the federal "Coronavirus State Fiscal Recovery Fund" established pursuant to the federal "American Rescue Plan Act of 2021," Pub. L. 117-2 is appropriated for deposit into the affordable housing production fund.

Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendations of any department head or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the director deems improper.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification, and within the federal matching funding, in the Division of Medical Assistance and Health Services and Division of Disability Services in the Department of Human Services, and within the Medical Services for the Aged program classification, and within the federal matching funding, in the Division of Aging Services in the Department of Human Services, subject to the approval of the Director of the Division of Budget and Accounting. Notwithstanding the provisions of any law, regulation or Executive Order to the contrary, any purchase by the State or by a State agency or local government unit of equipment, goods or services related to homeland security and domestic preparedness, that is paid for or reimbursed by federal funds awarded by the U.S. Department of Homeland Security or other federal agency, appropriated in the current fiscal year, may be made through the receipt of public bids or as an alternative to public bidding and subject to the provisions of this paragraph, through direct purchase without advertising for bids or rejecting bids already received but not awarded. The equipment, goods or services purchased by a local government unit shall be referred to in the grant agreement issued by the State administrative agency administering such funds and shall be authorized by resolution of the governing body of the local government unit entering into the grant agreement. Such resolution may, without subsequent action of the local governing body, simultaneously accept the grant from the State administrative agency, authorize the insertion of the revenue and offsetting appropriation in the budget of the local government unit, and authorize the contracting agent of the local government unit to procure the equipment, goods or services. A copy of such resolution shall be filed with the chief financial officer of the local government unit, the State administrative agency and the Division of Local Government Services in the Department of Community Affairs. Purchases made without public bidding shall be from vendors that shall either

- (1) be holders of a current State contract for the equipment, goods or services sought, or
- (2) be participating in a federal procurement program established by a federal department or agency, or
- (3) have been approved by the State Treasurer in consultation with the New Jersey Domestic Security Preparedness Task Force. All homeland security purchases herein shall continue to be subject to all grant requirements and conditions approved by the State administrative agency. The Director of the Division of Purchase and Property may enter into or participate in purchasing agreements with one or more other states, or political subdivisions or compact agencies thereof, for the purchase of such equipment, goods or services, using monies appropriated under this act, to meet the domestic preparedness and homeland security needs of this State. Such purchasing agreement may provide for the sharing of costs and the methods of payments relating to such purchases. Furthermore, a county government awarding a contract for Homeland Security equipment, goods or services, may, with the approval of the vendor, extend the terms and conditions of the contract to any other county government that wants to purchase under that contract, subject to notice and documentation requirements issued by the Director of the Division of Local Government Services.

Any unobligated balances remaining from funds transferred to the departments shall be transferred back to the Division of Family Development subject to the approval of the Director of the Division of Budget and Accounting.

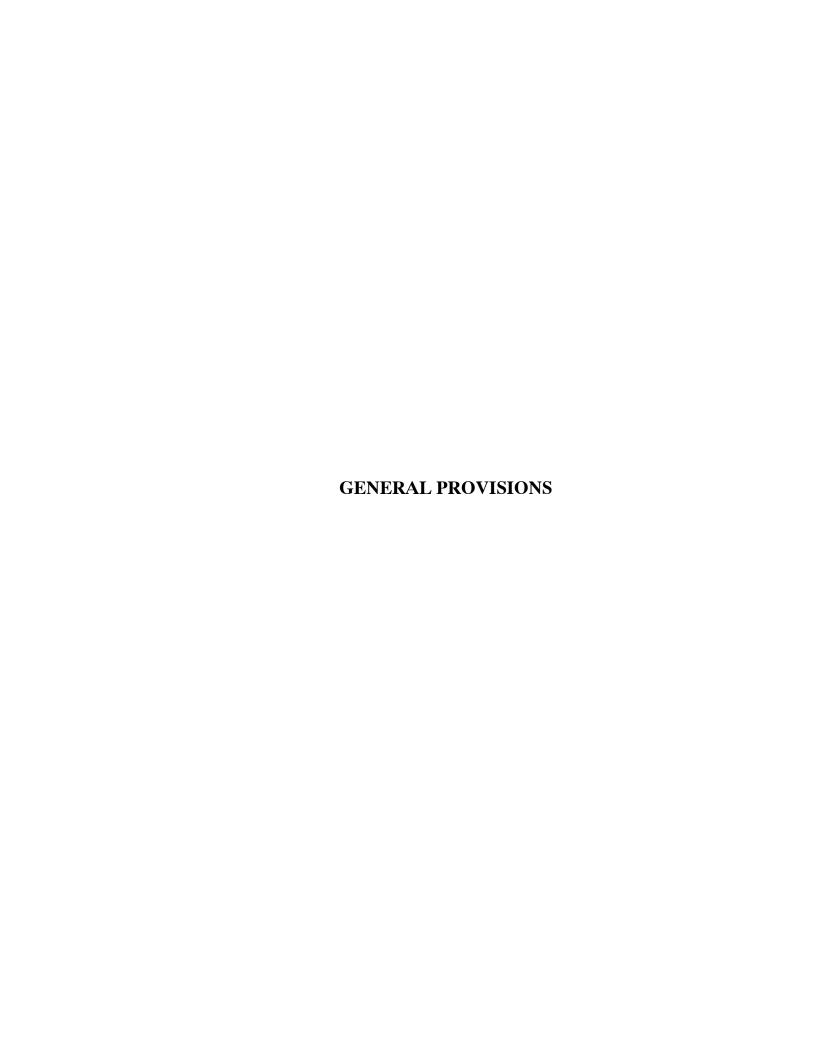

Notwithstanding the provisions of any law or regulation to the contrary, in addition to the federal funds hereinabove appropriated, there are appropriated to the appropriate executive agencies, subject to the approval of the Director of the Division of Budget and Accounting, such additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program or any other similar federal program for the purposes, projects, and programs set forth in such law; provided, however, that if the federal law does not delineate the specific purposes, projects, and programs to be funded by the federal funds, the purposes, projects, and programs to be funded by the federal funds shall be subject to the approval of the Joint Budget Oversight Committee, and further provided, however, that the State Treasurer shall report to the President of the Senate, the Speaker of the General Assembly, the Chair of the Senate Budget and Appropriations Committee, and the Chair of the Assembly Budget Committee at least quarterly on the receipt and utilization of all additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program.

Officials from the appropriate executive agencies are hereby authorized to take such steps, if any, as may be necessary to qualify for, apply for, receive and expend such federal funds and to make such commitments, representations and other agreements as may be required by the federal government to receive federal funds under federal law authorizing the federal economic stimulus program or any other similar federal law. Subject to the approval of the Director of the Division of Budget and Accounting as set forth below, such appropriations are to include the administrative costs of the respective agencies in administering the specified programs provided such use is consistent with ARRA and federal approvals. The federal funds provided pursuant to ARRA with respect to the SEP shall be used only for purposes allowed under part D of Title III of the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.), and the federal funds provided pursuant to ARRA with respect to the Block Grant Program shall be used only for implementation of programs authorized under subtitle E of Title V of the Energy Independence and Security Act of 2007 (42 U.S.C. 17151 et seq.). With respect to all federal funds which are appropriated pursuant to this provision, New Jersey Economic Development Authority (NJEDA), New Jersey Housing Mortgage Finance Agency (HMFA), the Office of Energy Savings, and the Board of Public Utilities (BPU) shall prepare and timely submit to the United States Department of Energy (USDOE) the reports required under subsection (c) of section 1512 of Pub.L. 111-5, including without limitation the detailed information required with respect to all projects or activities for which such federal funds were expended or obligated.

 - (2) \$20,187,801 for a program to be developed and administered by the BPU for grants to State departments, agencies, authorities and public colleges and universities for renewable and energy efficiency projects at such entities, including but not limited to, wind, solar, or hydro energy, biofuels, geothermal, and energy storage applications, with applications prioritized by an interagency evaluation team consisting of one representative each from each of the following, BPU, NJEDA, Office of Economic Growth, New Jersey Commission on Science and Technology, and the Office of Energy Savings, based on the ability to create jobs, reduce greenhouse gas emissions, save or create energy, and provide for innovative technology;
 - (3) \$9,110,306.50 to the HMFA for a program to be developed and administered by the HMFA to provide financing for the construction of solar energy projects on qualified multi-family housing financed through the HMFA, such funds to be leveraged with existing State energy rebate programs and the federal investment tax credit, with grants prioritized based on the ability to create jobs, generate energy, provide benefits to property residents and to meet HMFA timeframes, and with HMFA retaining ownership of all related solar renewable energy certificates for the purpose of establishing a revolving fund to support additional solar energy projects at HMFA-supported residential properties;
 - (4) \$1,331,402 to the HMFA for a low-interest loan program to be developed and administered by the HMFA for energy efficiency upgrades at single-family and multi-family facilities that are at or below 250 percent of the area median income (the higher of statewide or county median income) based on a family of four, and affordable multi-family housing owners which meet HMFA's affordability requirements, and which are not eligible for equivalent financing programs offered by the utilities or the Clean Energy Program;

 - (8) \$2,093,363 for grants administered by the BPU to State departments, agencies, authorities and public colleges and universities for energy efficient equipment purposes which will reduce energy demand and greenhouse gas emissions by replacing aging, energy intense equipment with new, more efficient models.

- In the event that any of the SEP monies appropriated pursuant to the preceding paragraph are not expended by the date required by the USDOE, the appropriations of such funds pursuant to the preceding paragraph are hereby cancelled, and such unexpended funds are hereby appropriated, subject to the approval of the USDOE and the Director of the Division of Budget and Accounting to the New Jersey Department of the Treasury to establish a revolving energy efficiency project fund (Energy Efficiency Project Fund) for the purposes of funding energy efficiency and renewable energy programs and projects in State facilities, including but not limited to State offices, State health facilities and State prisons. The monies appropriated from the Energy Efficiency Project Fund shall be repaid to the Energy Efficiency Project Fund by the department receiving such monies as follows: of the amounts hereinabove appropriated in this Act to each department receiving monies from the Energy Efficiency Project Fund, there is hereby appropriated for deposit in the Energy Efficiency Project Fund or the actual savings achieved, whichever is greater.

 - (2) \$10,240,000 to the BPU for grants to cities, counties and other local units of government which are not eligible to receive directly from the federal government funds under the Block Grant Program.
- Notwithstanding the provisions of any law or regulation to the contrary, the Department of Labor and Workforce Development shall consider consistent with applicable federal law a formal association of community based organizations to be a "local consortium" for the purposes of receiving funding for the delivery of English as a Second Language or Civics education/training.
- In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred among accounts in the Children's System of Care program classification. Amounts may also be transferred to and from various items of appropriation within the General Medical Services program classification of the Division of Medical Assistance and Health Services in the Department of Human Services and the Children's System of Care Services program classification in the Department of Children and Families. All such transfers are subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.
- The federal grant funds hereinabove appropriated are subject to the following condition: in the event that the agency receiving the funds from the federal government enters into an agreement with another agency as the subgrantee of such federal funds, the funds may be transferred to such subgrantee agency, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

For the purposes of the "State Appropriations Limitation Act," P.L.1990, c.94 (C.52:9H-24 et seq.), any funding provided less than \$120,331,000 shall be deemed a "Base Year Appropriation."
