SUMMARIES OF APPROPRIATIONS

SUMMARY OF APPROPRIATIONS MAJOR INCREASES AND DECREASES

This table summarizes the major increases and decreases in the fiscal 2000 Budget, defined as a change of \$1.0 million or more. Information is organized by category.

Categories of appropriations are defined as follows:

State Operations consists of programs and services operated directly by the State government. The largest single component is for the salary and benefits of State employees. This portion of the budget is subject to the spending limitations imposed by the Cap Law.

Grants-in-Aid appropriations are for programs and services provided to the public on behalf of the State by a third party provider, or grants made directly to individuals based on assorted program eligibility criteria. The Medicaid program, the Tuition Assistance Grant Program, Homestead Rebates, payments for State inmates housed in county jails, public transportation aid, and funding for State Colleges and Universities fall into this category.

State Aid consists of payments to or on behalf of counties, municipalities, and school districts to assist them in carrying out their local responsibilities. In addition to School aid, this category of expenditure includes the Consolidated Municipal Property Tax Relief program, the Municipal Block Grant program, and other forms of municipal aid. It also includes funding for county colleges, local public assistance and county psychiatric hospital costs.

Debt Service payments represent the interest and principal on capital projects funded through the sale of general obligation bonds.

Capital Construction represents pay-as-you-go allocations for construction and other infrastructure items.

Language Recommendations — Grants-In-Aid – General Fund

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients—Nursing Homes are available for the payment of obligations applicable to prior fiscal years.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification in the Division of Medical Assistance and Health Services in the Department of Human Services and the Medical Services for the Aged program classification in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D–1 et seq.) and P.L.1975, c.194 (C.30:4D–20 et seq.) during the fiscal year ending June 30, 2000 are appropriated for payments to providers in the same program class from which the recovery originated.

Notwithstanding any other law to the contrary, a sufficient portion of receipts generated or savings realized in Medical Services for the Aged Grants-in-Aid accounts from initiatives included in the fiscal year 2000 Budget may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

The Division of Medical Assistance and Health Services and Department of Health and Senior Services, subject to federal approval, shall implement policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current Medicaid rules to avoid payment for that care. The Division and Department of Health and Senior Services shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Funding for community care alternative initiatives is made available from the Payments for Medical Assistance Recipients—Nursing Homes account, subject to both federal waiver approval and approval of the Director of the Division of Budget and Accounting.

Such sums as may be necessary are appropriated from enhanced audit recoveries obtained by the Department of Health and Senior Services to fund the costs of enhanced audit recovery efforts of the Department within the Medical Services for the Aged program classification subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law to the contrary, no funds appropriated for Medicaid nursing facility reimbursement shall be expended for administrator or assistant administrator costs or non-food general costs in excess of 100% of the median for those cost centers, subject to the notice provisions of 42 CFR 447.205.

Notwithstanding any other law to the contrary, effective July 1, 1996, reimbursement for nursing facility services shall be 90% of the per diem rate when a Medicaid beneficiary is hospitalized. As in the past, these payments shall be limited to be the first ten days of the hospitalization. Medicaid reimbursement for nursing facility services shall be discontinued beyond the tenth day of the hospitalization.

The funds appropriated here and above for Payments for Medical Assistance Recipients – High Medicaid Occupancy Nursing Homes shall be distributed for patient services among those nursing homes where Medicaid patient day occupancy level is at or above 75%. Each such facility shall receive its distribution through a prospective per diem rate adjustment according to the following formula: $E = A \text{ Medicaid days} / T \text{ Medicaid days} \times F$; where E is the entitlement for a specific nursing home resulting from this allocation; A Medicaid days is an individual nursing home's reported Medicaid days on June 30, 1999; T Medicaid days is the total reported Medicaid days for all affected nursing homes; and F is the total amount of State and federal funds to be distributed. No nursing home shall receive a total allocation greater than the amount lost, due to adjustments in Medicaid reimbursement methodology, which became effective April 1, 1995. Any balances remaining undistributed from the abovementioned amount, shall be deposited in a reserve account in the General Fund.

The amounts hereinabove appropriated for payments for Pharmaceutical Assistance to the Aged and Disabled program, P.L.1975, c.194 (C.30:4D–20 et seq.), are available for the payment of obligations applicable to prior fiscal years.

Benefits provided under the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, P.L.1975, c.194 (C.30:4D–20 et seq.) shall be the last resource benefits, notwithstanding any provisions contained in contracts, wills, agreements or other instruments. Any provision in a contract of insurance, will, trust agreement or other instrument which reduces or excludes coverage or payment to an individual because of that individual's eligibility for or receipt of PAAD benefits shall be void, and no PAAD payments shall be made as a result of any such provision.

Notwithstanding the provisions of section 3 of P.L.1975, c.194 (C.30:4D–22) to the contrary, the copayment in the Pharmaceutical Assistance to the Aged and Disabled program shall be \$5.00.

Notwithstanding the provisions of any law to the contrary, rebates from pharmaceutical manufacturing companies for prescriptions purchased by the Pharmaceutical Assistance to the Aged and Disabled program shall continue throughout fiscal year 2000. All revenues from such rebates during the fiscal year ending June 30, 2000, are appropriated for the Pharmaceutical Assistance to the Aged and Disabled program.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999, each prescription order dispensed in the Pharmaceutical Assistance to the Aged and Disabled program for Maximum Allowable Cost (MAC) drugs shall state "Brand Medically Necessary" in the prescriber's own handwriting if the prescriber determines that it is necessary to override generic substitution of drugs, and each prescription order shall follow the requirements of P.L.1977, c.240 (C.24:6E-1 et seq.). The list of drugs substituted shall conform to the Drug Utilization Review Council approved list of substitutable drugs and all other requirements pertaining to drug substitution and federal upper limits for MAC drugs as administered by the State Medicaid Program.

Language Recommendations — Grants-In-Aid – General Fund

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients are available for the payment of obligations applicable to prior fiscal years.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification in the Division of Medical Assistance and Health Services in the Department of Human Services and the Medical Services for the Aged program classification in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

For the purposes of account balance maintenance, all object accounts in the General Medical Services program classification shall be considered as one object. This will allow timely payment of claims to providers of medical services but ensure that no overspending will occur in the program classification.

The State appropriation is based on a federal financial participation rate of 48.7%; provided however, that if the federal financial participation rate exceeds this percentage, there will be placed in reserve a portion of the State appropriation equal to the amount of additional federal funds, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of P.L.1962, c.222 (C.44:7-76 et seq.), the Medical Assistance for the Aged program is eliminated; provided however, that necessary medical services shall be available to those enrolled in the program as of June 30, 1982, until such time that those persons no longer require medical care or are eligible for alternative programs.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the fiscal year ending June 30, 2000 are appropriated for payments to providers in the same program class from which the recovery originated.

The amount appropriated hereinabove for the Division of Medical Assistance and Health Services first is to be charged to the federal disproportionate share hospital reimbursements anticipated as Medicaid uncompensated care.

Notwithstanding any other law to the contrary, a sufficient portion of receipts generated or savings realized in Medical Assistance Grants-in-Aid accounts from initiatives may be transferred to the Health Services Administration and Management accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding any law to the contrary and subject to federal approval, the Commissioner of Human Services is authorized to develop and introduce Optional Service Plan Innovations to enhance client choice for users of Medicaid optional services, while containing expenditures.

GRANTS-IN-AID

Notwithstanding the provision of any other law or regulation to the contrary, and in order to more prudently purchase, the Commissioner of Human Services is authorized to competitively bid managed care contracts, which provide for the medical care of those eligible for the Medical Assistance program, in such manner as the Commissioner, in consultation with the State Treasurer, determines to be in the best interest of the State.

The Division of Medical Assistance and Health Services, subject to federal approval, shall implement policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current Medicaid rules to avoid payment for that care. The Division shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Such sums as may be necessary are appropriated from the General Fund for the payment of any provider assessments to Intermediate Care Facilities/Mental Retardation facilities, subject to the approval of the Director of the Division of Budget and Accounting of a plan as shall be submitted by the Commissioner of Human Services.

The Division of Medical Assistance and Health Services is empowered to competitively bid and contract for performance of federally mandated inpatient hospital utilization reviews, and that the funds necessary for the contracted utilization review of these hospital services is made available from the Payments for Medical Assistance Recipients—Inpatient Hospital account subject to the approval of the Director of the Division of Budget and Accounting.

Rebates from pharmaceutical manufacturing companies during the fiscal year ending June 30, 2000 for prescription expenditures made to providers on behalf of Medicaid clients are appropriated for the Payments for Medical Assistance Recipients—Prescription Drugs account.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999, or at the earliest date thereafter consistent with the notice provisions of 42 CFR 447.205 where applicable, no funds appropriated in the Payments for Medical Assistance Recipients—Prescription Drugs account shall be expended except under the following conditions: (a) reimbursement for the cost of legend and non-legend drugs excluding nutritional supplements shall not exceed their Average Wholesale Price (AWP) less a 10% volume discount; (b) prescription quantities of legend and non-legend drugs dispensed by a retail pharmacy shall be limited to a maximum 34-day supply for an initial prescription, and 34-day supply or 100-unit dose supply, whichever is greater, for any prescription refill; and (c) the current prescription drug dispensing fee structure set as a variable rate of \$3.73 to \$4.07 in effect on June 30, 1999 shall remain in effect through fiscal year 2000, including the current increments for patient consultation, impact allowances, and allowances for 24 hour emergency services.

Notwithstanding any law to the contrary, prescription drug benefits provided to eligible beneficiaries in the General Medical Services program shall be subject to computer-based Point-of-Sale review.

Such sums as may be necessary are appropriated from enhanced audit recoveries obtained by the Division of Medical Assistance and Health Services to fund the costs of enhanced audit recovery efforts of the Division within the General Medical Services program classification subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding any law to the contrary and subject to the notice provisions of 42 CFR 447.205, Personal Care Assistant services shall be limited to no more than 25 hours per week. Additional hours, up to 40 per week, shall be authorized by the Division of Medical Assistance and Health Services prior to the provision of services not provided by clinics under contract with the Division of Mental Health Services. The hourly weekend rate shall not exceed \$16.

Notwithstanding any law to the contrary, the Commissioner of Human Services shall have the authority to convert individuals enrolled in a State-funded program who are also eligible for a federally matchable program, to the federally matchable program without the need for regulations.

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients are available for the payments of the residual claims from the Garden State Health Plan.

Notwithstanding any law to the contrary, such sums are appropriated as are necessary for the development and implementation of a Medicaid Disease State Management demonstration project, based on a plan approved in advance by the Director of the Division of Budget and Accounting.

Premiums received from families enrolled in the NJ KidCare program are appropriated for NJ KidCare payments.

Notwithstanding any laws or regulations to the contrary, payments from the Medical Assistance Payments — Prescription Drug account, or the General Assistance drug program, shall not cover quantities of impotence drug therapies, in excess of four treatments per month. Moreover, payments will only be provided if the diagnosis of impotence is written on the prescription form and the treatment is provided to males over the age of 18 years.

Notwithstanding any laws or regulations to the contrary, Medicaid fee-for-service payments for Graduate Medical Education (GME), including Indirect Medical Education (IME), shall not exceed \$20,000,000 of combined State and federal funds. GME payments shall not be subject to final reconciliation. Allocations to hospitals shall be made based on adopted regulations. Any payments that would have been made prior to the adoption date had the regulations been in place the entire fiscal year shall be made subsequent to the adoption date.

The Division of Medical Assistance and Health Services (DMAHS) is authorized to pay financial rewards to individuals who report instances of fraud and/or abuse involving the programs administered by DMAHS, or Pharmaceutical Assistance to the Aged and Disabled (PAAD) program or Work First New Jersey General Public Assistance programs. Rewards are to be paid only when the reports result in a recovery by DMAHS, and shall be limited to 10% of the recovery or \$1,000, whichever is less. Notwithstanding any State law to the contrary, receipt of such rewards shall not affect an individual's financial eligibility for the programs administered by DMAHS, or for PAAD or Work First New Jersey General Public Assistance programs.

Notwithstanding the provisions of any law to the contrary, no funds appropriated in the Payments to Medical Assistance Recipients—Prescription Drugs account shall be expended unless participating pharmacies are also approved medical suppliers in the Medicare program.

Notwithstanding any law to the contrary and subject to the notice provisions of 42 CFR 447.205, effective July 1, 1999, approved nutritional supplements will be reimbursed in accordance with a fee schedule set by the Director of the Division of Medical Assistance and Health Services.

Notwithstanding the provisions of Title 30 of the Revised Statutes or any other law or regulation to the contrary, the Director of the Division of Developmental Disabilities is authorized to waive statutory, regulatory, or licensing requirements for the implementation of a self determination pilot program included in the Community Services Waiting List Reduction Initiatives – FY 1997, FY 1998, FY 1999 and FY 2000 accounts, subject to the approval of a plan by the Director of the Division of Developmental Disabilities, which will allow an individual to be removed from the waiting list.

Skill development homes cost recoveries during the fiscal year ending June 30, 2000, not to exceed \$12,500,000, are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Amounts required to return persons with mental retardation or developmental disabilities presently residing in out-of-state institutions to group homes within the State may be transferred from the Private Institutional Care account to the Group Homes account, subject to the approval of the Director of the Division of Budget and Accounting.

Amounts that become available as a result of the return of persons from private institutional care placements, including in-state and out-of-state placements, shall be available for transfer to community and community support programs, subject to the approval of the Director of the Division of Budget and Accounting.

The unexpended balance as of June 30, 1999, in the Home Assistance account is appropriated for the same purpose.

Notwithstanding any law to the contrary, the State Treasurer, in consultation with the Commissioner of Human Services, may transfer pursuant to the terms and conditions the State Treasurer deems to be in the best interest of the State, the operation, care, custody, maintenance and control of state-owned buses utilized for transportation of clients of the Adult Activity Centers funded from appropriations in the Adult Activities program classification within the Division of Developmental Disabilities to any party under contract with the Department of Human Services to operate an Adult Activity Center. That transfer shall be for a time to run concurrent with the contract for the operation of the Adult Activity Center. That transfer as a non-cash award, and in conjunction with a cash appropriation shall complete the terms of any contract with the Department of Human Services for the operation of the Adult Activity Center. Upon termination of any contract for the operation of an Adult Activity Center, the operation, care, custody, maintenance and control of the state-owned buses shall revert to the State. Language Recommendations — Grants-In-Aid – General Fund

For the purpose of implementing the “Independent College and University Assistance Act,” P.L. 1979, c.132 (C.18A:72B-15 et seq.), the number of full-time equivalent students (FTE) at the eight State Colleges is 47,246 for fiscal year 1999.

Receipts in excess of the amount hereinabove for Clinical Legal Programs for the Poor—Seton Hall are appropriated for the same purpose, subject to the approval of the Director of the Division of Budget and Accounting.

The sums provided hereinabove for Research under Contract with the Institute of Medical Research, Camden (Coriell Institute) shall be expended on support for research activities, and the Institute shall submit an annual audited financial statement to the Department of the Treasury which shall include a schedule showing the use of these funds.

The sums provided hereinabove and the unexpended balances as of June 30, 1999, in Student Assistance Programs shall be appropriated and available for payment of liabilities applicable to prior fiscal years.

Amounts from the unexpended balance as of June 30, 1999, including refunds recognized after July 31, 1998, in the Tuition Aid Grants account are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law to the contrary, the Student Assistance Board shall provide to all qualified applicants increases to maximum award values that fund, at a minimum, an equal percentage of tuition up to the maximum allowable under the Tuition Aid Grant statute. All other award increases at each institution shall not exceed the percentage increase provided for the maximum award at that institution. All awards provided must be fundable within the amount hereinabove provided for Tuition Aid Grants plus funding from the Part-time Tuition Aid Grants-EOF Students program and available federal State Student Incentive Grant funds. Reappropriated balances shall be held as a contingency for unanticipated increases in the number of applicants qualifying for Student Assistance Programs awards or to fund shifts in the distribution of awards that result in an increase in total program costs.

From the sums provided hereinabove for Student Assistance Programs, such amounts as may be necessary to fund merit scholarship awards shall be available for transfer to the Coordinated Garden State Scholarship Programs and to the Miss New Jersey Educational Scholarship Program (C.18A:71-102 et seq.), subject to the approval of the Director of the Division of Budget and Accounting.

HIGHER EDUCATIONAL SERVICES

Of the amount hereinabove for Higher Educational Services, such sums as the Director of the Division of Budget and Accounting shall determine from the schedule in the Governor's Budget first shall be charged to the State Lottery Fund.

The unexpended balance as of June 30, 1999, in the Support of Patients in County Psychiatric Hospitals account is appropriated.

The appropriation for the Support of Patients in County Psychiatric Hospitals account is available to pay liabilities applicable to prior fiscal years, subject to the approval of the Director of the Division of Budget and Accounting.

State aid reimbursement payments for maintenance of patients in county psychiatric facilities shall be limited to inpatient services only, except that such reimbursement shall be paid to a county for outpatient and partial hospitalization services as defined by the Department of Human Services, if outpatient and/or partial hospitalization services had been previously provided at the county psychiatric facility prior to January 1, 1998. These outpatient and partial hospitalization payments shall not exceed the amount of State Aid funds paid to reimburse outpatient and partial hospitalization services provided during calendar year 1997.

The net State share of reimbursements and the net balances remaining after full payment of sums due the federal government of all funds recovered under R.S. 44:7-14, P.L. 1959, c.86 (C.44:10-4 et seq.), P.L. 1950, c.166 (C.30:4B-1 et seq.) and P.L. 1971, c. 209 (C.44:13-1 et seq.), during the fiscal year ending June 30, 1999 are appropriated.

Receipts from State administered municipalities during the fiscal year ending June 30, 1999 are appropriated.

The sum hereinabove appropriated is available for payment of obligations applicable to prior fiscal years.

Any change by the Department of Human Services in the standards upon which or from which grants of categorical public assistance are determined, first shall be approved by the Director of the Division of Budget and Accounting.

In order to permit flexibility and ensure the timely payment of benefits to welfare recipients, amounts may be transferred between the various items of appropriation within the Income Maintenance Management program classification, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Receipts from counties for persons receiving Old Age Assistance, Disability Assistance, and Assistance for the Blind under the Supplemental Security Income (SSI) program are appropriated for the purpose of providing State aid to the counties, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the provisions of section 3 of P.L.1973, c.256 (C.44:7-87), the Department of Human Services shall assess welfare boards at the beginning of each fiscal year in the same proportion that the counties currently participate in the federal categorical assistance programs, in order to obtain the amount of each county's share of the supplementary payments for eligible persons in this State, based upon the number of eligible persons in the county. Welfare boards shall pay the amount assessed.

Notwithstanding any law to the contrary, the Director of the Division of Budget and Accounting is authorized to withhold State Aid payments to municipalities to satisfy any obligations due and owing from audits of that municipality's General Assistance program.

The unexpended balances as of June 30, 1999 in the Income Maintenance Management program classification state aid accounts are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999, or at the earliest date thereafter consistent with the notice provisions of 42 CFR 447.205 where applicable, no funds appropriated for the General Assistance (GA) program for pharmaceutical services shall be expended except under the following conditions: (a) reimbursement for the cost of legend and non-legend drugs, excluding nutritional supplements, shall not exceed their Average Wholesale Price (AWP) less a 10 percent volume discount; (b) prescription quantities of legend and non-legend drugs dispensed by a retail pharmacy shall be limited to a 34 day supply for an initial prescription, and 34-day or 100-unit dose supply, whichever is greater, for any prescription refill; and (c) the current prescription drug dispensing fee structure set as a variable rate of \$3.73 to \$4.07 in effect on June 30, 1999 shall remain in effect through fiscal 2000, including the current increments for patient consultation, impact allowances, and allowances for 24 hour emergency services.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999, the following provisions shall apply to the dispensing of prescription drugs through the Payments to Municipalities for the Cost of General Assistance account: (a) for all Maximum Allowable Cost (MAC) drugs dispensed shall state "Brand Medically Necessary" in the prescriber's own handwriting if the prescriber determines that it is necessary to override generic substitution of drugs, and each prescription order shall follow the requirements of P.L. 1977, c. 240 (C.24:6E-1 et seq.). The list of drugs substituted shall conform to the Drug Utilization Review Council approved list of substitutable drugs and all other requirements pertaining to drug substitution and federal upper limits for MAC drugs as administered by the State Medicaid Program.

The unexpended balances in the Exxon Oil Overcharge and Stripper Well accounts previously appropriated to the Department of Human Services are transferred to the Department of Transportation for the purpose of funding light rail and alternative fuel vehicles programs.

Notwithstanding the provisions of any law to the contrary, no funds appropriated for the General Assistance (GA) for pharmaceutical services shall be expended unless participating pharmacies are also Medicare providers.

Notwithstanding the provisions of subsection a. of section 4 of P.L. 1997, c. 37 (C. 44:10-74), for cash assistance benefits to recipients with dependent children, the State and federal governments' share shall be at the rate of 87.5% for the period of January 1 through June 30, 1999, and at a rate of 102.5% for the period of July 1 through December 31, 1999; except that the total payment of the State and federal share of expenditures during January through December 31, 1999 shall not exceed 95%.

Of the amount appropriated hereinabove for Work First New Jersey - Client Benefits, \$7,600,000 is available to offset the costs of the Property Tax Relief Act of 1991 (P.L. 1991, c. 63, section 14). The matching rates will be maintained at 95 percent State/federal and 5 percent county, as stated in N.J.S.A. 44:10-74.4.a.

Notwithstanding any law to the contrary and subject to the notice provisions of 42 CFR 447.205, effective July 1, 1999, approved nutritional supplements will be reimbursed in accordance with a fee schedule set by the Director of the Division of Medical Assistance and Health Services (DMAHS).

Rebates from pharmaceutical manufacturing companies during the fiscal year ending June 30, 2000 for prescription expenditures made to providers on behalf of General Assistance (GA) clients are appropriated for the Payments to Municipalities for Cost of General Assistance account.

Language Recommendations — State Aid – Property Tax Relief Fund

Notwithstanding any other law to the contrary, the amount of State aid made available to the Department of Human Services pursuant to "The State Facilities Education Act of 1979," P.L. 1979, c.207 (C.18A:7B-1 et al.), to defray the costs of educating eligible children in approved private schools under contract with the Department of Human Services shall not exceed the actual costs of the education of those children in such private schools.

Notwithstanding any other law to the contrary, Special Education Aid for pupils classified as eligible for day training shall be paid directly to the resident school district; provided however, that for pupils under contract for service in a regional day school operated by or under contract with the Department of Human Services, tuition shall be withheld and paid to the Department of Human Services.

The Commissioner shall not authorize the disbursement of funds to any Abbott district until the commissioner is satisfied that all educational expenditures in the district will be spent effectively and efficiently in order to enable those students to achieve the Core Curriculum Content Standards. The commissioner shall be authorized to take any necessary action to fulfill this responsibility. Notwithstanding any provision of P.L.1968,c.410(C.52:14B-1 et seq.) to the contrary, the commissioner may adopt, immediately upon filing with the Office of Administrative Law, such regulations as the commissioner deems necessary to implement the order of the Supreme Court of New Jersey in Abbott v. Burke. The commissioner may deduct from the State aid of any "Abbott district" the expenses required to manage, control and supervise the implementation of that State aid. In order to expeditiously fulfill the responsibilities of the commissioner under the Abbott order, determinations by the commissioner hereunder shall be considered to be final agency action and appeal of that action shall be directly to the Appellate Division of the Superior Court.

The unexpended balances as of June 30,1999, in the Abbott v. Burke Parity Remedy account shall be held in escrow and the commissioner shall disburse the funds in such amounts as the commissioner deems necessary for the purpose of implementing whole school reform initiatives in the "Abbott districts".

The unexpended balances due to enrollment adjustments made pursuant to the fiscal year 1999 Appropriations Act, as of June 30, 1999 in the Abbott v. Burke Parity Remedy account is appropriated for the same purpose and with the same conditions as are applied to the fiscal year 2000 appropriation for this purpose subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding any other law to the contrary, "district income" for the purposes of NJSA 18A:7F-14 shall mean the aggregate of total income reported on NJ-1040 for 1996 and all public assistance including Aid for Families with Dependent Children for 1996 of the residents of the taxing district or taxing districts.

Notwithstanding any other law to the contrary, state aid for each "Abbott district" whose per pupil regular education expenditure for 1999-2000 under P. L. 1996, c.138 is below the estimated per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1999-2000 shall be increased. The amount of increase shall be appropriated as Abbott v. Burke Parity Remedy Aid and shall be determined as follows: funds shall be allocated in the amount of the difference between each Abbott district's per pupil regular education expenditure for 1999-2000 and the actual per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1998-99 indexed by the actual percentage increase in the per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1998-99 over the per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1997-98. In calculating the per pupil regular education expenditure of each Abbott district for 1999-2000, regular education expenditure shall equal the sum of the general fund tax levy for 1998-99, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P. L. 1996, c. 138 (c.18A: 7F-10); enrollments shall initially be those resident enrollments for preschool through grade 12 contained on the Application for State School Aid for 1999-2000 indexed by the annual growth rates used to determine the estimated enrollments of October 1999 for calculation of Core Curriculum Standards Aid and T & E budgets for 1999-2000; enrollments shall be calculated at their full-time equivalent and reduced by preschool and one half of full-day kindergarten enrollments. State aid shall be adjusted upon receipt of resident enrollment for the Abbott districts as of October 15, 1999 as reflected on the Application for State School Aid for 2000-2001. State aid shall also be adjusted based on the actual per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1999-2000. In calculating the actual per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1999-2000, regular education expenditure shall equal the sum of the general fund tax levy for 1999-2000, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P. L. 1996, c. 138 (c.18A: 7F-10); enrollments shall be the resident enrollment for preschool through grade

PROPERTY TAX RELIEF FUND – STATE AID

twelve as of October 15, 1999 as reflected on the Application for State School Aid for 2000–2001; enrollments shall be calculated at their full-time equivalent and reduced by preschool and one half of full-day kindergarten enrollments in districts receiving Early Childhood Program Aid.

The expenditures associated with the amounts appropriated herein for Abbott v. Burke Parity Remedy Aid shall not be included in the calculation of the actual cost per pupil for tuition purposes, pursuant to a sending/ receiving agreement.

Notwithstanding any other law to the contrary, as a condition of receiving Abbott v. Burke Parity Remedy Aid, an Abbott district shall raise a general fund tax levy which shall be no less than the difference between the product of the actual per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1998–99 indexed by the actual percentage increase in the per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1998–99 over the per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1997–98 multiplied by each Abbott district's estimated "resident enrollment" for October 15, 1999 less one half of kindergarten enrollments and the sum of Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, all forms of stabilization aid pursuant to section 10 of P. L. 1996, c. 38(c.18A:7F–10) and Abbott v. Burke Parity Remedy Aid.

Pursuant to NJSA 18A:7F–10c and h, any district which received supplemental stabilization aid in 1998–99 shall receive an amount equal to that received in 1998–99.

Pursuant to NJSA 18A:7F–5b, any district which received supplemental core curriculum standards aid pursuant to NJSA 18A:7F–5b in 1998–99 shall receive an amount equal to that received in 1998–99.

Notwithstanding any other provision of P.L.1996, c.138 (C.18A: 7F–1 et seq.) the County Special Services School Districts' tuition losses provided for in subsection b. of section 3 of P. L. 1971, c.271 (C.18A:46–31) as amended by section 77 of P. L. 1996, c. 138 shall be calculated by using the enrollment counts taken on October 15 in order to compare the budget to the pre-budget year.

Pursuant to N.J.S.A. 18A: 7F–5a., the net amount hereinabove appropriated for 1998–99 enrollment adjustments in the Aid for Enrollment Adjustments and Debt Service account shall be determined by using the actual October 15, 1998 pupil counts to recalculate the State aid amounts payable to each district for the 1998–99 school year, for each aid category impacted by enrollment under the provisions of the "Comprehensive Educational Improvement and Financing Act of 1996", other than rewards and recognition, and comparing the recalculated amounts to the amounts originally determined as payable to the district for the 1998–99 school year for each aid category based upon the projected October 15, 1998 pupil counts. For the purposes of this recalculation, the State's core curriculum standards aid contribution for the 1998–99 school year shall be determined by indexing the amount for the 1997–98 school year by the sum of 1.0, the CPI and the actual State average enrollment growth percentage between the 1998–99 and 1997–98 school years and the core curriculum standards aid amount payable to each district shall be calculated using the October 15, 1998 pupil counts, the formulas and criteria contained in N.J.S.A. 18A: 7F–12 through 15 and based upon this indexed amount of Statewide available core curriculum standards aid. The percentage concentration of low income pupils for each district or each individual school used for the purposes of recalculating early childhood program aid, demonstrably effective program aid and instructional supplement aid shall remain the same as the percentage concentration originally determined for the 1998–99 school year.

In addition to the amount hereinabove for aid for enrollment adjustments there is appropriated an amount not to exceed \$3 million for this purpose.

Notwithstanding any other law to the contrary, districts shall receive Stabilization Aid II in an amount to limit the decrease between the sum of Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, Abbott v. Burke Parity Remedy Aid, Stabilization Aid, additional Supplemental Stabilization Aid, Supplemental School Tax Reduction Aid, Distance Learning Network Aid, categorical aids for Special Education programs, Bilingual Education programs, and County Vocational Programs, Early Childhood Program Aid, Demonstrably Effective Program Aid, Instructional Supplement Aid, Transportation Aid, Aid for Adult, Postgraduate and Post-Secondary Programs, and Academic Achievement rewards received in the 1998–99 school year and the sum of the same categories to be received in 1999–2000 school year to 2 percent of the district's net budget for the 1998–99 school year.

Notwithstanding any other law to the contrary, when calculating the state aid adjustments for 1998– 1999 pursuant to N.J.S.A. 18A:7F–5a , districts which did not experience a projected or actual decline in enrollment between October 15, 1997 and October 15, 1998 shall receive stabilization aid in the amount of any decrease between the sum of Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, Abbott v. Burke Parity Remedy Aid, Stabilization Aid, additional Supplemental Stabilization Aid, Supplemental School Tax Reduction Aid, Distance Learning Network Aid, categorical aids for Special Education programs, Bilingual Education programs, and County Vocational Programs, Early Childhood Program Aid, Demonstrably Effective Program Aid, Instructional Supplement Aid, Transportation Aid, Aid for Adult, Postgraduate and Postsecondary Programs, and Academic Achievement rewards received in the 1997–98 school year and the adjusted sum of the same categories for 1998–99 including additional Supplemental Stabilization Aid for districts which had pupils placed in a county special services school district.

Notwithstanding N.J.S.A. 18A: 7F–11, \$5 million of the State's core curriculum standards aid contribution for the 1999–2000 school year shall be held in reserve pending the determination of income appeals filed pursuant to N.J.S.A. 18A: 7F–15. In addition to the amount appropriated hereinabove for Core Curriculum Standards Aid, there is appropriated \$5 million for such purpose. In determining income appeals the property value multiplier and income multipliers shall be the same as originally calculated.

PROPERTY TAX RELIEF FUND – STATE AID

Notwithstanding N.J.S.A. 18A: 7F–25, the Commissioner of Education shall apportion Transportation Aid among the districts by providing each district 93.47 percent of the amount of transportation aid that would have been apportioned to the district had the full amount of State aid required by N.J.S.A. 18A: 7F–25 been appropriated.

DEPARTMENT OF EDUCATION

In the event that sufficient funds are not appropriated to fully fund any State Aid item, the Commissioner of Education shall apportion such appropriation among the districts in proportion to the State aid each district would have been apportioned had the full amount of State aid been appropriated.

Notwithstanding any law to the contrary, should appropriations in the Property Tax Relief Fund exceed available revenues, the Director of the Division of Budget and Accounting is authorized to transfer General Fund revenues into the Property Tax Relief Fund, providing unrestricted balances are available from the General Fund, as determined by the Director of the Division of Budget and Accounting.

The Director of the Division of Budget Accounting may transfer from one account in the appropriations for the Department of Education in the Property Tax Relief Fund to another account in the same Department and fund such funds as are necessary to effect the intent of the provisions of the Appropriations Act governing the allocation of State aid to local school districts and provided that sufficient funds are available in the appropriations for that Department.
