

SCHEDULE B – Private Line Data Services – DS1 & DS3 Service

High Capacity Digital Service (IntraLATA)

Provides point-to-point connectivity at DS1 and DS3 bandwidths, on an intraLATA basis. Service is provided by Verizon New Jersey.

Pricing elements for High Capacity Digital DS1 and DS3 service are:

Monthly

- Local Channel
- Fixed Mileage
- Variable Mileage (charged per mile)
- Interoffice channel/ Intra Exchange (not applicable for DS3's)

Installation

- Nonrecurring Charge

Additionally, for the optional Standby DS3 service pricing elements include a Standby local channel and Standby mileage.

There is an installation charge of \$400 per each Local Channel (DS1 or DS3).

In addition to intraLATA DS1 and DS3 service, Verizon provides intraLATA OCx Point to Point services. Pricing for these services are ICB.

DS1 & DS3 Private Line

High Capacity Digital Service
