# THE POLICE AND FIREMEN'S RETIREMENT SYSTEM 

 OF NEW JERSEYANNUAL REPORT OF THE ACTUARY PREPARED AS OF JULY 1, 2013

## buckconsultants

February 27, 2014
Board of Trustees
The Police and Firemen's Retirement System
of New Jersey
Trenton, New Jersey
Members of the Board:

The law governing the operation of the Police and Firemen's Retirement System of New Jersey provides for annual actuarial valuations of the System. The results of the July 1, 2013 valuation are submitted in this report, which also includes a comparison with the preceding year's valuation.

The valuation provides information concerning the financial condition of the Plan as of July 1, 2013, and sets forth the basis for determining the recommended annual contribution for the State fiscal year beginning July 1, 2014.

The valuation reflects Chapter 78, P.L. 2011, which increased member contributions from $8.50 \%$ to $10.00 \%$ of salary effective October 2011. Effective with the July 1, 2012 actuarial valuation, the determination of the State and Local employers' normal cost contributions have been revised to reflect the use of all member contributions as an offset to the gross normal cost. This was the methodology used to determine the State and Local employers' normal cost contribution prior to the enactment of Chapter 78, P.L. 2011 and is consistent with the methodology typically used by contributory public-sector retirement systems to calculate the employer's normal cost contribution. The July 1, 2012 results, which are shown for comparison purposes in this report, reflect this change in method. Appendix I develops the revised results of sections presented in the Annual Report of the Actuary Prepared as of July 1, 2012, which was published February 15, 2013, affected by the change in method.

As required under Chapter 255, P.L. 1944, experience studies are performed once in every three year period. The valuation was prepared using the demographic assumptions recommended on the basis of the July 1, 2007 - June 30, 2010 Experience Study and approved by the Board of Trustees at the November 14, 2011 Board meeting. The valuation reflects the economic assumptions recommended by the Treasurer, which include a rate of investment return of $7.90 \%$ per annum and assumed future salary increases reduced by $2.00 \%$ per annum for fiscal year ending 2012 through fiscal year ending 2021 and $1.00 \%$ per annum for fiscal years ending 2022 and thereafter. These assumptions will remain in effect for valuation purposes until such time as the Board or the Treasurer recommends revised economic assumptions.

The valuation reflects the State contributions under Chapter 1, P.L. 2010, which allows the State Treasurer to reduce the recommended pension contribution for the 2015 fiscal year to no less than 4/7th of the recommended contribution. Under the same law, the fiscal year 2013 recommended pension contribution of $\$ 393,637,547$ has been reduced to $\$ 112,468,000$, and the fiscal year 2014 recommended pension contribution of $\$ 389,689,529$ has been reduced to $\$ 167,009,800$. This amount may be subject to change per the requirements of the State's fiscal year 2014 spending plan.

The State of New Jersey's Division of Pensions and Benefits reported the individual data for members of the Police and Firemen's Retirement System of New Jersey as of the valuation date for use in the preparation of this report. While we did not verify the data at their source, we did perform tests for internal consistency and

## Board of Trustees

Page 2
reasonableness. The amount of assets in the trust fund taken into account in the valuation was based on statements prepared for us by the Division of Pensions and Benefits. The accuracy of the results presented in this report is dependent on the accuracy of the data.

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the economic and demographic assumptions, increases or decreases expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions or applicable law. An analysis of the potential range of future results is beyond the scope of this valuation.

We are both Fellows of the Society of Actuaries and Members of the American Academy of Actuaries. We meet the Qualification Standards of the Academy to render the actuarial opinions contained herein. This report has been prepared in accordance with all applicable Actuarial Standards of Practice, and we are available to answer questions concerning it.

The Table of Contents, which follows, highlights the Sections of the Report.
Respectfully submitted,

REPORT ON THE ANNUAL VALUATION OF<br>THE POLICE AND FIREMEN'S RETIREMENT SYSTEM<br>OF NEW JERSEY<br>PREPARED AS OF JULY 1, 2013

## SECTION I - SUMMARY OF KEY RESULTS

The Police and Firemen's Retirement System of New Jersey was established effective July 1, 1944. Each year an actuarial valuation of the assets and liabilities of the System is made to determine the appropriate level of contributions. This report, prepared as of July 1, 2013, presents the results of the annual actuarial valuation of the Fund.

For convenience of reference, the principal results of the valuation and a comparison with the preceding year's results are summarized below.

| Valuation Fiscal Year |  | $\begin{gathered} \hline \text { July } 1,2013 \\ 2015 \end{gathered}$ |  | $\begin{gathered} \hline \text { July } 1,2012 \\ 2014 \end{gathered}$ |

| Total Pension Contribution | \$ | 969,958,935 ${ }^{5}$ | \$ | $866,896,600^{4}$ |
| Non-Contributory Group Insurance Premium | \$ | 42,260,000 | \$ | 34,101,000 |

1. Includes receivable contributions of $\$ 167,009,800$ as of July 1, 2013 and $\$ 112,467,869$ as of July 1, 2012, respectively. The amounts also include the present value of receivable ERI contributions of $\$ 15,506,632$ as of July 1, 2013 and $\$ 16,583,726$ as of July 1, 2012, respectively. The amounts also include the present value of Chapter 19, P.L. 2009 contribution deferrals of $\$ 176,921,105$ as of July 1, 2013 and $\$ 183,848,631$ as of July 1, 2012, respectively.
2. The contribution amounts were calculated assuming payment on $7 / 1 / 14$ and $7 / 1 / 13$ respectively. Interest should be added from this date to the actual payment dates.
3. The accrued liability contribution does not include ERI payments and Local employer contributions due to Chapter 19, P.L. 2009 deferrals.
4. The fiscal year 2014 State recommended contribution could be subject to adjustment in accordance with the provisions of Chapter 1, P.L 2010. The recommended State contributions for the 2014 fiscal year have been reduced from $\$ 389,689,529$ to $\$ 167,009,800$. This amount may be subject to change per the requirements of the State's fiscal year 2014 spending plan.
5. The fiscal year 2015 State recommended contribution could be subject to adjustment in accordance with the provisions of Chapter 1, P.L 2010. The recommended State contributions for the 2015 fiscal year have been reduced from $\$ 414,316,953$ to $\$ 236,752,546$. This amount may be subject to change per the requirements of the State's fiscal year 2015 spending plan.
6. Excludes inactive members.

The major benefit and contribution provisions of the statute as reflected in the valuation are summarized in Appendix A. Included in this valuation are the provisions of the following legislation:

- The valuation reflects the final State contribution under Chapter 1, P.L. 2010 for fiscal year 2013, which allowed the State Treasurer to reduce the State normal and accrued liability contributions for fiscal year 2013 of $\$ 393,637,547$ to $\$ 112,468,000$. (This amount excludes the premium paid to the NonContributory Insurance Fund of $\$ 6,418,119$ for the lump sum death benefits.)
- The valuation reflects the funding provisions of Chapter 1, P.L. 2010. Chapter 1, P.L. 2010 allows the State Treasurer to phase in to the full recommended pension contribution. The State would be in compliance with its funding requirement provided the State makes a payment of at least $1 / 7$ th of the full contribution, as computed by the actuaries, in the State fiscal year commencing July 1, 2012 and makes a payment in each subsequent fiscal year that increases by at least an additional $1 / 7$ th until payment of the full contribution is made in the seventh fiscal year and thereafter. Therefore, the fiscal year 2014 recommended State pension contribution of $\$ 389,689,529$ has been reduced to $\$ 167,009,800$ and has been recognized as a receivable contribution for purposes of this valuation. (This amount excludes the estimated premium paid to the Non-Contributory Insurance Fund of $\$ 7,276,000$ for lump sum death benefits.)
- Chapter 19, P.L. 2009 provides that the State Treasurer will reduce the normal and accrued liability contributions for Local employers to 50 percent of the amount certified for fiscal year 2009. The additional unfunded liability will be paid by Local employers in level annual payments over a period of 15 years, with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted annually by the rate of return on the actuarial value of assets. The legislation also provides that a Local employer may opt to pay 100 percent of the recommended contribution for fiscal year 2009. Employers making this election will be credited with the full payment. In addition, certain employers who were eligible to defer $50 \%$ of their fiscal year 2009 recommended contributions but instead paid $100 \%$ of the 2009 recommended contributions are
permitted to elect to defer 50\% of their recommended 2010 fiscal year contributions. The additional unfunded liability will be paid by Local employers in level annual payments over a period of 15 years, with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted by the rate of return on the actuarial value of assets.
- The valuation reflects the unauthorized early retirement incentive programs offered by certain Local employers. The additional liability incurred by the System due to these programs is included as a receivable contribution.

There are no other changes to the benefit and contribution provisions since the previous valuation.

The valuation reflects Chapter 78, P.L. 2011, which increased member contributions from $8.50 \%$ to $10.00 \%$ of Compensation effective October 2011. Effective with the July 1, 2012 actuarial valuation, the determination of the State and Local employers' normal cost contributions have been revised to reflect the use of all member contributions as an offset to the gross normal cost. This was the methodology used to determine the State and Local employers' normal cost contribution prior to the enactment of Chapter 78, P.L. 2011 and is consistent with the methodology typically used by contributory public-sector retirement systems to calculate the employer's normal cost contribution. The July 1, 2012 results, which are shown for comparison purposes in this report, reflect this change in method. Appendix I develops the revised results of sections presented in the Annual Report of the Actuary Prepared as of July 1, 2012, which was published February 15,2013 , affected by the change in method.

As required under Chapter 255, P.L. 1944, experience studies are performed once in every three year period. The valuation was prepared using demographic assumptions recommended on the basis of the July 1, 2007 - June 30, 2010 Experience Study and approved by the Board at the November 14, 2011 Board meeting. The valuation reflects the economic assumptions recommended by the Treasurer, which include a rate of investment return of $7.90 \%$ per annum and assumed future salary increases reduced by $2.00 \%$ per annum for fiscal year ending 2012 through fiscal year ending 2021 and $1.00 \%$ per annum for fiscal years ending

2022 and thereafter. These assumptions will remain in effect for valuation purposes until such time as the Board or the Treasurer recommends revised economic assumptions.

There were no other changes to the actuarial assumptions and methods from those used in the prior valuation. The actuarial assumptions and methods used in this valuation for valuing the Fund are summarized in Appendix B.

The combination of the plan provisions, actuarial assumptions and member and beneficiary data is used to generate the overall recommended level of employer contributions. The recommended contribution schedule is summarized in Sections III (H) and III (I).

The valuation generates a balance sheet, which summarizes in some detail the total present and prospective assets and liabilities of the Fund. A summary comparison of the balance sheets as of July 1, 2013 and July 1, 2012 is set forth in the following table. The allocation of assets among the various investment alternatives is shown in graphic form on page 6 .

TABLE I
COMPARATIVE BALANCE SHEET

|  |  | 2013 |  | 2012 |
| :---: | :---: | :---: | :---: | :---: |

## ASSET ALLOCATION MARKET VALUE

2012

## SECTION II - EMPLOYEE DATA

The data employed for the valuations were furnished to the actuaries by the Division of Pensions and Benefits. While the actuaries did not verify the data at their source, they did perform tests for internal consistency and reasonableness. The accuracy of the results presented in this report is dependent on the accuracy of the data. The following summarizes and compares the Fund membership as of July 1, 2013 and July 1, 2012 by various categories.

## D.(II) Reconciliation of Fund Balances as of July 1, 2013

* It is recommended that the Retirement Reserve Fund be put into balance each year by transferring assets between the Reserve for Employers' Contributions Fund and the Retirement Reserve Fund so that the Retirement Reserve Fund will contain sufficient assets to cover the retiree and beneficiary liability. Therefore, we recommend that $\$ 311,760,003$ be transferred from the Reserve for Employers' Contribution Fund to the Retirement Reserve Fund to put the System in balance as of July 1, 2013.
** Includes the present value of ERI payments of \$15,506,632.

## E. Summary of Actuarial Accrued Liability as of July 1, 2013

 contributed due to the phase-in of contributions through fiscal year 2014.
** Includes $\$ 41,879,087$ for the July 1, 2012 valuation and $\$ 45,058,922$ for the July 1, 2013 valuation attributable to Municipalities \& Local Groups’ liabilities which are payable by the State as required under Chapters 428,86 and 318.

## H.(II) Summary of Chapter 1, P.L. 2010 Minimum Contributions ${ }^{\varnothing}$

The following chart summarizes the potential effect of Chapter 1, P.L. 2010 on the State recommended contribution amounts:

Active Participant Payroll

1. Normal Cost
a) Normal Cost (without Chapters 109, 247, 428 and 511)
b) Normal Cost for Chapter 511
c) Normal Cost for Chapter 247
d) Chapter 109 Payment
e) Normal Cost for Chapter 428
f) Net Normal Cost

$$
=(\mathrm{a})+(\mathrm{b})+(\mathrm{c})+(\mathrm{d})+(\mathrm{e})
$$

2. Accrued Liability*
a) Basic Unfunded Actuarial Liability UAL Payment
b) Chapter 204 UAL Payment
c) Chapter 247 UAL Payment
d) Chapter 428 UAL Payment**
e) Chapter 109 UAL Payment
f) Chapter 511 UAL Payment
g) Total Accrued Liability $=(a)+(b)+(c)+(d)+(e)+(f)$
3. Total Pension Contribution

$$
=1(\mathrm{f})+2(\mathrm{~g})
$$

4. Non-Contributory Group Insurance Premium (one-year term cost)

* Does not include ERI and Chapter 19, P.L. 2009 Local employer payments. The entries for Chapters $247,428,109$ and 511 include a payment required to fund the portions of the State-paid Local obligations that were not contributed due to the phase-in of contributions through fiscal year 2014.
** Includes $\$ 17,948,180$ for the July 1, 2012 valuation and $\$ 25,747,956$ for the July 1, 2013 valuation attributable to Municipalities \& Local Groups' liabilities which are payable by the State as required under Chapters 428 , 86 and 318.
${ }^{\circ}$ Chapter 1, P.L. 2010 allows the State Treasurer to reduce the recommended contribution for the 2012 fiscal year to no less than $1 / 7^{\text {th }}$ of the recommended contribution. Each subsequent year the amount will be increased by at least $1 / 7^{\text {th }}$ with the full recommended contribution payable in the seventh fiscal year and thereafter.

## I.(I) Summary of Recommended Contribution Rates

The following chart summarizes the rounded contribution rates that are applied to the applicable compensation for each location to produce the required contributions:

* Payment for certain costs under Chapters 109, 247, 511 and 428 (Chapter 8) for both Municipalities \& Local Groups and State Locations are made by the State in accordance with the legislation.
** Costs for locations affected by Chapter 204 are presented in Appendix C.
\# Includes the additional costs due to Chapter 86, P.L. 2001 and Chapter 318, P.L. 2001.
\#\# The rates shown for Chapters 247, 428, 109 and 511 include the rate required to fund the portions of the State-paid Local obligations that were not contributed due to the phase-in of contributions through fiscal year 2014.
$\varnothing$ Does not include ERI and the Chapter 19, P.L. 2009 Local employer payments. The Local ERI payments are presented in Appendices F and G and the Chapter 19, P.L. 2009 Local employer payments towards deferrals are summarized in Appendix H.

## I.(II) Summary of Contribution Rates Reflecting Chapter 1, P.L. $2010{ }^{\text {ø }}$

The following chart summarizes the effect of Chapter 1, P.L. 2010 on the rounded contribution rates that are applied to the applicable compensation for each location to produce the required contributions:

1. Normal Contribution Rates:
a) Basic Allowances
b) Chapter 511*
c) Chapter 247*

${ }^{\varnothing}$ Does not include ERI and the Chapter 19, P.L. 2009 Local employer payments. The Local ERI payments are presented in Appendices F and G and the Chapter 19, P.L. 2009 Local employer payments towards deferrals are summarized in Appendix H.
$\varnothing \varnothing$ Chapter 1, P.L. 2010 allows the State Treasurer to reduce the recommended contribution for the 2012 fiscal year to no less than $1 / 7$ th of the recommended contribution. Each subsequent year the amount will be increased by at least $1 / 7$ th with the full recommended contribution payable in the seventh fiscal year and thereafter.

## SECTION IV - COMMENTS CONCERNING THE VALUATION

The variation in liabilities and contributions reflects the Fund's actual experience during the year. The Plan realized a net actuarial loss during the past year. This was primarily a result of the investment return, which was less than that expected $(5.67 \%$ on an actuarial value basis, rather than the $7.90 \%$ expected for the period July 1, 2012 to June 30, 2013) and a net actuarial experience loss.

The following shows the development of the actuarial experience, identifies the major experience components and discusses the impact of the unfunded liability on various funded ratios.

## A. Calculation of Net Actuarial Experience

1. Unfunded Accrued Liability as of July 1, 2012
2. Normal Cost as of July 1, 2012
3. Interest on (1) and (2) at $7.90 \%$
4. Actual Members' Contributions
5. Expected Employer Contribution
6. Expected interest on Members' contributions at 7.90\%
7. Expected Unfunded Accrued Liability as of July 1, 2013 $=(1)+(2)+(3)-(4)-(5)-(6)$
8. Change in Unfunded Accrued Liability due to phase-in provisions of Chapter 1, P.L. 2010 for fiscal year 2014
9. Change in Unfunded Accrued Liability due to Chapter 19 adjustments for actuarial asset loss
10. Actual Unfunded Accrued Liability as of July 1, 2013
11. $\quad$ Actuarial (gain)/loss $=(10)-(7)-(8)-(9)$

## B. Components of Actuarial Experience

1. Investment (Gain)/Loss
2. Other net (Gain)/Loss, including changes in employee data
3. Total Actuarial (Gain)/Loss
\$ 416,678,002
105,889,086
\$ 522,567,088

## C. Funded Ratios

The following table presents the System's funded ratios based on the actuarial value of assets (including receivables) and market value basis (including receivables).

|  | June 30, 2013 | June 30, 2012 | Change |
| :--- | :---: | :---: | :---: |
| Actuarial Value of Assets* |  |  |  |
| State | $50.8 \%$ | $53.1 \%$ | $-2.3 \%$ |
| Local Employers | $76.9 \%$ | $77.8 \%$ | $-0.9 \%$ |
| Total System | $73.6 \%$ | $74.6 \%$ | $-1.0 \%$ |
| Market Value of Assets |  |  |  |
| State | $45.3 \%$ | $45.4 \%$ | $-0.1 \%$ |
| Local Employers | $72.0 \%$ | $69.6 \%$ | $2.4 \%$ |
| Total System | $68.6 \%$ | $66.6 \%$ | $2.0 \%$ |

* Statutory funded ratio

For purposes of Chapter 78, P.L. 2011, the "target funded ratio" is $76.428 \%$ and $77.142 \%$ for June 30, 2012 and June 30, 2013, respectively. The State's statutory funded ratio is $53.1 \%$ and $50.8 \%$ as of June 30, 2012 and June 30, 2013, respectively. Therefore, the State's statutory funded ratio did not reach the "target funded ratio" as of June 30, 2012 and remained below the "target funded ratio" as of June 30, 2013. The Local employers' statutory funded ratio is $77.8 \%$ and $76.9 \%$ as of June 30, 2012 and June 30, 2013, respectively. Therefore, the Local employers' statutory funded ratio reached the "target funded ratio" as of June 30, 2012 and fell slightly below the "target funded ratio" as of June 30, 2013.

The funded ratio computed using assets valued on an actuarial value basis provides a different indication of the System's funded position, since the actuarial value smooths the investment (gains)/losses over time. Since July 1, 2000, the System's funded ratio on a market value basis has decreased by $45.6 \%$ ( $67.8 \%$ for State and $42.3 \%$ for Local). This decrease is primarily due to investment losses experienced over the period, contributions of less than the GASB Annual Required Contribution, the increase in benefits under Chapter 428, P.L. 1999, Chapter 86, P.L. 2001 and Chapter 318, P.L. 2001, and the strengthening of actuarial assumptions.

As of June 30, 2013, the total System market value of assets is greater than the total actuarial liability attributable to retirees. If the assets contained in the Annuity Savings Fund (ASF) of \$3,319,977,601 ( $\$ 387,403,013$ for State and $\$ 2,932,574,588$ for Local) are excluded, the ratio of the remaining market value of assets to the actuarial accrued liability for retirees is $94.9 \%$ ( $57.0 \%$ for State and $100.5 \%$ for Local).

As of June 30, 2013, the ratio of market value of assets to the prior year's benefit payment is 11.7 ( 7.6 for State and 12.3 for Local). This is an approximate indication of the number of years that the assets can cover benefit payments, excluding future increases in those payments, employer and member contributions, and investment income. The System ratio increased by $0.9 \%$ ( $-3.8 \%$ for State and $1.7 \%$ for Local) from the previous year's ratio of 11.6 ( 7.9 for State and 12.1 for Local). If ASF assets are excluded, since they represent accumulated contributions from active and inactive members, the ratio is 10.0 ( 6.0 for State and 10.6 for Local).

The valuation also reflects costs attributable to the following legislation:

## Chapter 204, P.L. 1989

The provisions of Chapter 204 allowed employees who were previously excluded on the basis of their titles from PFRS membership to enter the Plan. Employers of such employees are required to contribute any additional contribution necessary to fund any unfunded liability arising from Chapter 204. The valuation reflects the additional accrued liability for three State locations and fifteen Municipality and Local Groups locations with certain employees participating in the Fund under the provisions of this legislation. Appendix C lists all applicable locations and the required contributions.

## Chapter 511, P.L. 1991

The provisions of Chapter 511 increased the benefit payable to the surviving spouse of a retiree from 35\% to $50 \%$ of the retiree's average final compensation. This law also raised the minimum annual spouse's benefit from \$1,600 to \$4,500 for benefits granted prior to January 14, 1992.

Chapter 511 required that the normal cost and accrued liability contribution attributable to this chapter be separately determined. As a result of Chapter 115, P.L. 1997, the accrued liability contribution attributable to Chapter 511 was eliminated at that time. However, because of the reductions (and anticipated reductions) in the required State contributions for fiscal years 2004 through 2014 due to the various Appropriation Acts and Chapter 1, P.L. 2010, the remaining required contributions that have not been made have been set up as an unfunded accrued liability attributable to Chapter 511. The following summarizes the applicable contribution rates for the current and previous valuations:

| Chapter 511 |  |  |
| :--- | :---: | :---: |
| Contribution Rate | June 30, 2013 | June 30, 2012 |
|  |  |  |
| Normal Cost | $2.747 \%$ | $2.712 \%$ |
| Accrued Liability | $\frac{4.361}{}$ | $\underline{4.023}$ |
| Total Rate | $7.108 \%$ | $6.735 \%$ |

## Chapter 247, P.L. 1993 and Chapter 201 P.L. 2001

Chapter 247 requires the State to pay the difference between the PFRS normal cost rate and the PERS normal cost rate for certain members who transferred into PFRS as of January 1, 1992 or later. In addition, the law requires the State to pay the "System" unfunded accrued liability contribution for Municipalities and Local Groups that transferred into PFRS on and after January 1, 1992 without past service. The following summarizes the number of active employees affected, the applicable contribution rates, and the Chapter 247 contributions for the current and previous valuations:

| Chapter 247 | June 30, 2013 | June 30, 2012 |
| :--- | :---: | :---: |
| Number of Active Employees | 353 | 422 |
| Contribution Rates: | $0.054 \%$ |  |
| Normal Cost | $\underline{2.203 \%}$ | $0.059 \%$ |
| Accrued Liability | $2.257 \%$ | $2.130 \%$ |
| Total Rate |  | $2.189 \%$ |
| Contributions: | $\$ 11,250,013$ | $\$ 1305,813$ |
| Normal Cost | $\$ 11,527,292$ | $\frac{11,020,879}{11,326,692}$ |
| Accrued Liability |  |  |
| Total Contribution |  |  |

Chapter 201, P.L. 2001 made changes to Chapter 247, P.L. 1993 with respect to the benefits payable to members who transferred from PERS to PFRS as a result of the Chapter 247 legislation. The resulting increase in the unfunded accrued liabilities due to the increased benefits was fully funded by the recognition of additional market value surplus in the determination of the actuarial value of assets in the July 1, 1999 valuation. However, because of the reductions (and anticipated reductions) in the required State contributions for fiscal years 2004 through 2014 due to the various Appropriation Acts and Chapter 1, P.L. 2010, the remaining required contributions which were not paid have been added to the Chapter 247 unfunded accrued liability and will be included in future State contributions.

## Chapter 59, P.L. 1999, Chapter 126, P.L. 2000 and Chapter 130, P.L. 2003

Chapter 59, P.L. 1999 authorizes municipalities, counties and other local units of government that enter into agreements to provide governmental services on a joint or consolidated basis, municipalities that join together to establish a new consolidated municipality, or school districts that have merged with one or more other school districts due solely to a municipal consolidation, to offer incentive programs for retirement or termination of employment for employees affected by the consolidation agreements. "County ERI Section 44" of Chapter 126, P.L. 2000 permitted local units to offer early retirement or termination incentives to certain employees of county governing bodies. Chapter 130, P.L. 2003 extended an Early Retirement Incentive Program similar to that offered by the State under Chapter 23,
P.L. 2002 to members of Local employer locations. Appendix G lists all applicable locations and summarizes the contribution requirement under Chapter 59, Chapter 126 and Chapter 130.

## Chapter 8, P.L. 2000

Chapter 8, P.L. 2000 required that, if valuation assets are insufficient to fund the normal cost and accrued liability costs attributable to Chapter 428, P.L. 1999, the contribution required to fund these costs for the State and other employers shall be paid by the State. For both the July 1, 2012 and July 1, 2013 valuations, valuation assets were not sufficient to fund the costs attributable to Chapter 428. In addition, because of the reductions (and anticipated reductions) in the required State contributions for fiscal years 2004 through 2013 due to the various Appropriation Acts and Chapter 1, P.L. 2010, the remaining required contributions which were not paid have been added to the Chapter 428 unfunded accrued liability and will be included in future State contributions. The following chart summarizes the applicable contribution rates and the Chapter 428 contributions for the current and previous valuations:

| Chapter 428 | June 30, 2013 | June 30, 2012 |
| :--- | :---: | :---: |
| Contribution Rates: |  |  |
| Normal Cost | $3.755 \%$ | $3.121 \%$ |
| Accrued Liability | $\underline{10.418}$ | $\underline{9.548}$ |
| Total Rate | $14.173 \%$ | $12.669 \%$ |
|  |  |  |
| Contributions: |  |  |
| Normal Cost | $\$$ | $19,178,390$ |
| Accrued Liability | $\underline{53,213,179}$ | $16,146,780$ |
| Total Contribution | $\$$ | $72,391,569$ |

## Chapter 86, P.L. 2001

Chapter 86, P.L. 2001 amended the active death benefits provided to a beneficiary of a member who died in active duty on or after January 1, 1998 and before January 18, 2000. The law required an eligible beneficiary to apply for the increased benefits within 90 days of enactment and return the member's
aggregate contributions to the System. The State is liable for all costs to the System attributable to this law, and these costs have been included in the Chapter 428 accrued liability contributions.

## Chapter 318, P.L. 2001

Chapter 318, P.L. 2001 amended the active death benefits provided to a beneficiary of a member with 10 or more years of service who died in active service on or after June 1, 1995 and before January 1, 1998 and whose beneficiary had, on May 1, 2001, an appeal of a denial of a benefit related to death in the line of duty pending before the Board of Trustees. The law requires that the appeal be withdrawn or denied and that an eligible beneficiary apply for the increased benefits and return the member's aggregate contributions received. The State is liable for all costs to the System attributable to this law and these costs are also included in the Chapter 428 accrued liability contributions.

## Chapter 19, P.L. 2009

Chapter 19, P.L. 2009 provides that the State Treasurer will reduce for Local employers the normal and accrued liability contributions to 50 percent of the amount certified for fiscal years 2009. The additional unfunded liability will be paid by Local employers in level annual payments over a period of 15 years, with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted annually by the rate of return on the actuarial value of assets. The legislation also provides that a Local employer may opt to pay 100 percent of the recommended contribution for fiscal year 2009. Employers making this election will be credited with the full payment. In addition, certain employers who were eligible to defer $50 \%$ of their fiscal year 2009 recommended contributions but instead paid $100 \%$ of the 2009 recommended contributions are permitted to elect to defer $50 \%$ of their recommended 2010 fiscal year contributions. The additional unfunded liability will be paid by Local employers in level annual payments over a period of 15 years, with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted by the rate of return on the actuarial value of assets.

## Chapter 1, P.L. 2010

Chapter 1, P.L. 2010 amended the definition of Compensation and Final Compensation for members hired on or after May 22, 2010. Compensation for such members is to be limited to the annual maximum wage contribution base for Social Security pursuant to the Federal Insurance Contribution Act. In addition, Final Compensation has been changed to the average annual compensation of a member for the three fiscal years providing the largest benefit. In addition, Chapter 1, P.L. 2010 allows the State Treasurer to reduce the recommended contribution for the 2012 fiscal year to no less than $1 / 7^{\text {th }}$ of the recommended amount. Each subsequent year the amount will be increased by at least $1 / 7^{\text {th }}$ with the full recommended contribution payable in the seventh fiscal year and thereafter.

## Chapter 78, P.L. 2011

Chapter 78, P.L. 2011 increases member contributions from $8.5 \%$ to $10.0 \%$ of compensation. In addition, Chapter 78, P.L. 2011 suspends cost of living adjustments for all current and future retirees and beneficiaries until reactivated as permitted by law; however, Chapter 78, P.L. 2011 does not reduce the benefits for cost of living adjustments that were made in prior years. In addition, for members hired after June 28, 2011 the special retirement benefit is changed to $60 \%$ of final compensation at 25 years of service plus $1 \%$ of final compensation for each year of service over 25 years. The maximum retirement benefit is 65\% of final compensation. Beginning with the July 1, 2010 actuarial valuation, the accrued liability contribution shall be computed so that if the contribution is paid annually in level dollars, it will amortize the unfunded accrued liability over an open 30 year period. Beginning with the July 1, 2018 actuarial valuation, the accrued liability contribution shall be computed so that if the contribution is paid annually in level dollars it will amortize the unfunded accrued liability over a closed 30 year period (i.e., for each subsequent actuarial valuation, the amortization period will decrease by one year.) Beginning with the July 1, 2028 actuarial valuation when the remaining amortization period reaches 20 years, any increase or decrease in the unfunded accrued liability as a result of actuarial losses or gains for subsequent valuation years shall serve to increase or decrease, respectively, the amortization period for the unfunded accrued
liability, unless an increase in the amortization period will cause it to exceed 20 years. If an increase in the amortization period as a result of actuarial losses for a valuation year would exceed 20 years, the accrued liability contribution shall be computed for that valuation year using a 20 year amortization period.

## SECTION V - ACCOUNTING INFORMATION

Statement No. 5 of the Governmental Accounting Standards Board, issued November 1986, established standards of disclosure of pension information by public retirement systems. Statement No. 25 of the Governmental Accounting Standards Board, issued November 1994, established financial reporting standards for defined benefit pension plans and for the notes to the financial statements of defined contribution plans of state and local governmental liabilities and superseded Statement No. 5 effective for periods beginning after June 15, 1996. Statement No. 27, Accounting for Pensions by State and Local Governmental Employers superseded Statement 5 for employers participating in pension plans and is effective for periods beginning after June 15, 1997. Statement No. 50, Accounting for Pensions by State and Local Governmental Employers amends the note disclosure and required supplementary information (RSI) of Statements No. 25 and No. 27 to conform with applicable changes adopted in Statements No. 43 and 45 for Postemployment Benefit Plans other than Pension Plans. Statement No. 50 is intended to improve the transparency of reported information about pensions by State and Local governmental plans and employers. Statement No. 50 is effective for periods beginning after June 15, 2007. Statement No. 67, issued June 2012, Financial Reporting for Pension Plans, replaced the requirements of Statement No. 25 and Statement No. 50 as they relate to pension plans that are administered through trusts effective for fiscal years beginning after June 15, 2013. Statement No. 68 replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers and Statement No. 50, Pension Disclosures, as they relate to governments that provide pensions through pension plans administered as trusts effective for fiscal years beginning after June 15, 2014.

Chapter 92, P.L. 2007 states that the System shall use consistent and generally accepted actuarial standards as established by GASB for the purpose of determining asset values, obligations and employer contributions. However, the System's contribution requirements, which are defined in New Jersey State statute, differ from the GASB disclosure requirements, which are included in this report. Also, current budgetary practices do not assess interest on contributions to reflect payment after the start of the fiscal year
to the date paid. As a result, the System's funding contribution will not be the same as the annual required contribution (ARC) determined under GASB.

The information required by Statements No. 25, No. 27 and No. 50 is presented in the following tables. These include the development of the Annual Required Contribution (ARC) as of June 30, 2015, the Schedule of Funding Progress, the Schedule of Employer Contributions and the required Additional Information. The ARC and Schedule of Employer Contributions are provided for informational purposes only since the reporting requirements of Statements No. 67 and No. 68 will be effective as of the June 30, 2014 and June 30, 2015 reporting dates, respectively.
A. Development of the Annual Required Contribution (ARC) as of June 30, 2015

## State

1. Actuarial Value of Plan Assets as of June 30, 2013
(a) Valuation Assets as of June 30, 2013 (including Employer and ERI Receivable Contributions)
\$2,127,491,585
\$22,170,221,173
(b) Adjustment for Receivable/(Payable) Contributions included in (a)*
(c) Valuation Assets as of June 30, 2013 for GASB Disclosure = (a) - (b)
2. Actuarial Accrued Liability as of June 30, 2013
3. Unfunded Actuarial Accrued Liability/(Surplus) as of June 30, 2013
4. Amortization of Unfunded Actuarial Accrued Liability/(Surplus) over 30 years (Level Dollar) ${ }^{\varnothing}$
\$ 283,215,117
\$ 440,079,705
5. Development of Net Normal Cost as of June 30, $2013^{\varnothing}$
(a) Gross Normal Cost
\$ 159,441,109
\$ 559,120,655
(b) Expected Employee Contributions
51,029,175
\$ 108,411,934
\$ 245,321,830
6. Annual Required Contribution as of June 30, 2015
(a) Annual Required Contribution as of June 30, 2013 = 4 + 5 (c)
(b) Interest Adjustment to June 30, 2015
\$ 391,627,051 \$ 685,401,535
64,321,218
112,571,034
(c) Non-Contributory Group Insurance Premium

7,702,000
34,558,000
(d) Annual Required Contribution as of June 30, 2015 = (a) + (b) + (c)
\$ 463,650,269 \$ 832,530,569

* The State amount includes the fiscal year 2013 receivable appropriations. The above amounts include the reallocation of the Local Chapters 247, 428, 109 and 511 contribution amounts which are payable by the State.
** The Local assets include employer contribution deferrals under the provisions of Chapter 19, P.L. 2009
ø The above amounts include the reallocation of payments required to fund the portions of the State-paid Local obligations due to Chapters 247 , 428, 109 and 511 that were not contributed due to the State phase-in of contributions through fiscal year 2014.

| Cost of Living Adjustments |  |

## SECTION VI - LEVEL OF FUNDING

Although the value of accrued benefits and the funding ratios shown in the previous section are required for the State's financial statements, it is instructive to also look at these values under an alternative approach. For this purpose, we are presenting liabilities determined on a Financial Accounting Standards Board Statement No. 87 Accumulated Benefit Obligation (ABO) basis. This is the same approach as was used under GASB Statement No. 5 except that no assumption is made as to future salary increases and assets are at market value with receivables.

## FASB 87 ABO Funded Ratios

| Valuation Date: June 30, 2013 |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Actuarial present value of accumulated benefits: |  | State |  | Local Employers |  | Total |
| Vested benefits |  |  |  |  |  |  |
| Participants currently <br> receiving payments $\$ \quad 2,645,278,934$ $\$$ $17,710,792,805$ $\$$ $20,356,071,739$ |  |  |  |  |  |  |
| Other participants |  | 902,125,509 |  | 7,016,994,978 |  | 7,919,120,487 |
|  | \$ | 3,547,404,443 | \$ | 24,727,787,783 | \$ | 28,275,192,226 |
| Non-vested benefits |  | 367,920,912 |  | 2,226,317,320 |  | 2,594,238,232 |
| Total | \$ | 3,915,325,355 | \$ | 26,954,105,103 | \$ | 30,869,430,458 |
| Assets at market value | \$ | 1,896,198,371 | \$ | 20,540,073,603 | \$ | 22,436,271,974 |
| Ratio of assets to total present value |  | 48.4\% |  | 76.2\% |  | 72.7\% |

| Valuation Date: June 30, 2012 |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Actuarial present value of accumulated benefits: |  | State |  | Local Employers |  | Total |
| Vested benefits |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
| Other participants |  | 961,646,819 |  | 6,884,737,276 |  | 7,846,384,095 |
|  | \$ | 3,380,450,660 | \$ | 23,664,762,675 | \$ | 27,045,213,335 |
| Non-vested benefits |  | 476,261,082 |  | 2,947,723,660 |  | 3,423,984,742 |
| Total | \$ | \$3,856,711,742 | \$ | 26,612,486,335 | \$ | 30,469,198,077 |
| Assets at market value | \$ | 1,829,418,795 | \$ | 19,093,632,191 | \$ | 20,923,050,986 |
| Ratio of assets to total present value |  | 47.4\% |  | 71.7\% |  | 68.7\% |

As in the case of the Governmental Accounting Standard Board Statement No. 5, the actuarial present value of vested and non-vested accrued benefits was based on an interest rate of 7.90\% for 2012 and 2013.

## APPENDIX A

## BRIEF SUMMARY OF THE BENEFIT AND CONTRIBUTION PROVISIONS AS INTERPRETED FOR VALUATION PURPOSES

## Eligibility for Membership

Enrollment is restricted to eligible policemen and firemen who are permanent and full-time and who pass the physical and mental fitness requirements. The maximum enrollment age is 35 .

## 1. Definitions

Plan Year
Credited Service

Average Final
Compensation (AFC)

Compensation Base salary upon which contributions by a Member to the Annuity Savings Fund were based in the last year of Service. For Accidental Death, benefits are computed at the annual rate of salary. In accordance with Chapter 1, P.L. 2010, for members hired on or after May 22, 2010 Compensation cannot exceed the
annual maximum wage contribution base for Social Security hired on or after May 22, 2010 Compensation cannot exceed the
annual maximum wage contribution base for Social Security pursuant to the Federal Insurance Contribution Act.

Final Compensation (FC)

Accumulated Deductions

The 12-month period beginning on July 1 and ending on June 30 .
A year of service is credited for each year an employee is a Member of the Retirement System plus service, if any, covered by a prior service liability.

The average annual compensation for the three consecutive years of Service immediately preceding retirement or the highest three consecutive fiscal years of Membership Service.

Annual compensation received by the member in the last 12 months of Credited Service preceding his retirement. In accordance with Chapter 1, P.L. 2010, for members hired on or after May 22, 2010, FC means the average annual compensation for the three fiscal years of membership providing the largest benefit.

The sum of all amounts deducted from the compensation of a Member or contributed by him or on his behalf without interest.

## 2. Benefits

Service Retirement

Eligibility means age 55 or 20 years of credited service for an employee who was a member of the Retirement System as of January 18, 2000 and age 55 for an employee who became a member of the Retirement System after January 18, 2000; mandatory at age 65 (except that a member hired prior to January 1, 1987 may remain a member of the Retirement System until the member attains the earlier of age 68 or 25 years of creditable service). Benefit is an annual retirement allowance equal to a member annuity plus an employer pension which together equals the greater of:
(ii) $2 \%$ of FC multiplied by years of Credited Service up to 30 plus $1 \%$ of FC multiplied by years of Service over 30 . (Prior to January 18, 2000, this benefit was based on AFC rather than FC. However, Policy Memorandum 4-2000, which interpreted the provisions of Chapter 428, P.L. 1999, authorized the change in the salary basis).
(iii) $50 \%$ of FC if the member has 20 or more years of Credited Service.

Chapter 428 also requires that, in addition to the $50 \%$ of FC benefit, any member as of January 18, 2000 who will have 20 or more years of Credited Service and is required to retire upon attaining age 65 (except that a member hired prior to January 1, 1987 may remain a member of the System until the member attains the earlier of age 68 or 25 years of creditable service), shall receive an additional benefit equal to $3 \%$ of FC for each year of Credited Service over 20 years but not over 25 years.

Special Retirement

Vested Termination

Death Benefits

After completion of 25 years of Credited Service. The annual retirement benefit is equal to a member annuity plus an employer pension which together equal $65 \%$ of FC plus $1 \%$ of FC for each year of Credited Service over 25. Effective for members hired after June 28, 2011, the annual retirement benefit is equal to a member annuity plus an employer pension which together equal $60 \%$ of FC plus $1 \%$ of FC for each year of Credited Service over 25. There is a maximum benefit of $70 \%$ of FC ( $65 \%$ of FC for members hired after June 28, 2011) except for those members with 30 or more years of Credited Service on June 30, 1979.
(A) Eligible upon termination of service prior to age 55 and prior to 10 years of Credited Service. The benefit equals a refund of Accumulated Deductions less any outstanding loans.
(B) Eligible upon termination of service prior to age 55 and after 10 years of Credited Service (but less than 20 years if a member on or prior to January 18, 2000 or less than 25 years of service if a member after January 18, 2000). The benefit is a deferred retirement benefit, commencing at age 55 , equal to a member annuity plus an employer pension which together provide a retirement allowance equal to $2 \%$ of FC multiplied by years of Credited Service up to 30 plus $1 \%$ of FC multiplied by years of Credited Service over 30.

Ordinary Death Benefit - Lump Sum
(1) If a member dies prior to retirement, the benefit payable is as follows:

A lump sum amount equal to 3-1/2 times FC payable to the member's beneficiary.
(2) After retirement but prior to age 55, the benefit is as follows:
(i) For death while a Disabled Retiree the benefit is equal to 3-1/2 times Compensation.
(ii) For death while a Deferred Retiree the benefit is equal to his Accumulated Deductions.
(iii) For death while a Retiree who has completed 20 years of Credited Service, the benefit is equal to $1 / 2$ times FC.
(3) After retirement and after age 55, the benefit payable is equal to $1 / 2$ times Compensation. (Note: If a Member is not disabled, 10 years of Credited Service is required for Members enrolling after July 1, 1971.)

Ordinary Death Benefit - Survivor Annuity
(1) If a member dies prior to retirement, the benefit payable to a widow (widower) is equal to $50 \%$ of FC ( $20 \%$ of FC payable to one child, 35\% of FC payable to two children or $50 \%$ of FC payable to three or more children if there is no surviving widow or widower or if the widow or widower dies or remarries or $25 \%$ of FC payable to one parent or $40 \%$ of FC payable to two parents if no surviving widow, widower or child. If no widow, widower, child or parent, the benefit payable to a beneficiary is the aggregate Accumulated Contributions at the time of death).
(2) For any member who retired after December 18, 1967, the benefit payable to a widow (widower) is equal to $50 \%$ of FC plus $15 \%$ of FC for one child and $25 \%$ of FC for two or more children.

If no spouse, or spouse remarries, the benefit is equal to $20 \%$ of FC for one child, $35 \%$ for two children, and $50 \%$ for three or more children.

There is also a minimum benefit payable to widows (widowers) of \$4,500 a year.
(3) For any member who retired with an Accidental Disability Benefit, the benefit payable is equal to $\$ 4,500$ a year to the widow (widower). If there is no widow (widower) the benefit payable is $\$ 600$ a year for 1 child, $\$ 960$ a year for 2 children, and $\$ 1,500$ a year for 3 or more children. The benefit for children is payable until age 18.

## Accidental Death Benefit

A death while active resulting from injuries received from an accident during performance of duty is eligible for a lump sum equal to the Accumulated Deductions plus 3-1/2 times Compensation plus an annuity benefit payable is as follows:
(i) The benefit to a widow or widower is equal to $70 \%$ of Compensation.
(ii) The benefit, when there is no spouse, or spouse is remarried, is equal to $20 \%$ of Compensation for one child, $35 \%$ for two children, $50 \%$ for three or more children. The benefit is payable while the children are under age 18 , or until age 24 if they are full-time students, or it is payable for life if they are disabled.
(iii) The benefit, when there is no spouse or children, is equal to $25 \%$ of Compensation for one parent and $40 \%$ for two parents.
(iv) The benefit, when there is no relation as stated above, is equal to the Accumulated Deductions and is payable to a beneficiary or to the Member's estate. This is also the minimum benefit payable under (i), (ii) and (iii).

Disability Benefits
Ordinary Disability Retirement
A Member is eligible for Ordinary Disability Retirement if he (she) has 4 years of Service and is totally and permanently incapacitated from the performance of usual or available duties. The benefit is equal to the greater of:
(i) $1-1 / 2 \%$ of FC times the number of years of Credited Service; or
(ii) $40 \%$ of FC.

In addition, a member who has at least 20 years but less than 25 years of Credited Service and who is required to retire upon application by the employer on and after January 18, 2000 shall receive a benefit equal to a member annuity plus an employer pension which together provide a total retirement allowance equal to $50 \%$ of FC plus $3 \%$ of FC multiplied by the number of years of Credited Service over 20 but not over 25.

## Accidental Disability Retirement

A Member is eligible upon total and permanent incapacitation from the performance of usual or available duties as a result of injury during the performance of regular duties. The benefit payable is equal to a Member annuity plus an employer pension which together equals $2 / 3$ of the Compensation at date of injury.

A member is eligible for Special Disability Retirement if he (she) has 5 years of Credited Service, is under age 55, and has received a heart transplant. The benefit payable is equal to a Member annuity plus an employer pension which together equals $50 \%$ of FC.
3. Member Contributions

Each member contributes 8.5\% of Compensation. Chapter 78, P.L. 2011 increased the Member Contributions from 8.5\% to 10.0\% of Compensation effective October 2011.

## APPENDIX B

OUTLINE OF ACTUARIAL ASSUMPTIONS AND METHOD
VALUATION INTEREST RATE: 7.90\% per annum, compounded annually.
COLA: No future COLA is assumed.
SEPARATIONS FROM SERVICE AND SALARY INCREASES: Representative values of the assumed annual rates of separation and annual rates of salary increases are as follows:

Annual Rates of
Ultimate

| Age | Select Withdrawal |  |  |  |  | Withdrawal <br> After 9 Years |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

[^6]DEATHS AFTER RETIREMENT: RP-2000 Combined Healthy Mortality Tables for service retirements and beneficiaries projected on a generational basis from the base year of 2011 using Projection Scale AA. Special mortality tables are used for the period after disability retirement. Representative values of the assumed annual rates of mortality unadjusted for Projection Scale AA are as follows:

| Age | Service Retirements and |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
|  | Beneficiaries |  |  | Disability |
|  | Men | Women | Age | Retirements |
| 55 | 0.362\% | 0.272\% | 35 | 0.598\% |
| 60 | 0.675 | 0.506 | 40 | 0.634 |
| 65 | 1.274 | 0.971 | 45 | 0.803 |
| 70 | 2.221 | 1.674 | 50 | 1.058 |
| 75 | 3.783 | 2.811 | 55 | 1.210 |
| 80 | 6.437 | 4.588 | 60 | 1.426 |
| 85 | 11.076 | 7.745 | 65 | 1.949 |

MARRIAGE: Husbands are assumed to be 3 years older than wives. Among the active population, $90 \%$ of participants are assumed married. No children are assumed. Neither the percentage married nor the number of children assumption is individually explicit, but they are considered reasonable as a single combined assumption.

VALUATION METHOD: Projected Unit Credit Method. This method essentially funds the System's benefits accrued to the valuation date. Experience gains and losses are recognized in future accrued liability contributions. In accordance with Chapter 78, P.L. 2011, beginning with the July 1, 2010 actuarial valuation, the accrued liability contribution shall be computed so that if the contribution is paid annually in level dollars, it will amortize the unfunded accrued liability over an open 30 year period. Beginning with the July 1, 2018 actuarial valuation, the accrued liability contribution shall be computed so that if the contribution is paid annually in level dollars it will amortize the unfunded accrued liability over a closed 30 year period (i.e., for each subsequent valuation, the amortization period shall decrease by one year.) Beginning with the July 1, 2028 actuarial valuation, when the remaining amortization period reaches 20 years, any increase or decrease in the unfunded accrued liability as a result of actuarial losses or gains for subsequent valuation years shall serve to increase or decrease, respectively, the amortization period for the unfunded accrued liability, unless an increase in the amortization period will cause it to exceed 20 years. If an increase in the amortization period as a result of actuarial losses for a valuation year would exceed 20 years, the accrued liability contribution shall be computed for the valuation year using a 20 year amortization period.

ASSET VALUATION METHOD: A five year average of market values with write-up was used. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five-year period.

 amount will be increased by at least $1 / 7^{\text {th }}$ with the full recommended contribution payable in the seventh fiscal year after 2012 and thereafter.

## APPENDIX D

## ADDITIONAL CENSUS DATA STATISTICS

In response to prior requests from the Board of Trustees, we have performed additional calculations and constructed additional exhibits based on the July 1, 2013 valuation data.

## Age Breakdown

1. Average Age at Retirement - split by Special/Service Retirements

The exhibit on page 51 provides information split between Police and Firemen and by type of retirement. The average age at retirement is $54.0,53.0$ and 54.9 for service, special, and deferred retirement, respectively.

## 2. Average Age at Entry

The average age at entry for Contributing active participants at July 1, 2013 is 26.3. The average age at entry for Non-Contributing active participants at July 1, 2013 is 31.1. The average age at entry for all actives at July 1, 2013 is 26.4.
3. \& 4. Average Age at Death for Active participants and Retired participants.

We have assumed that all deaths between July 1, 2012 and June 30, 2013 occurred at the middle of the plan year; January 1, 2013. Based on this assumption, the average age at death for the various groups is as follows:

Active Contributing members at July 1, $2012 \quad 45.9$
Active Non-Contributing members at July 1, 201246.0
Retired at July 1, $2012 \quad 77.8$
Disabled at July 1, $2012 \quad 63.2$
Beneficiary at July 1, 201283.6
Terminated Vested at July 1, 2012 N/A
5. \& 6. Average Age at Retirement for those who retired under ordinary and accidental disability.

Specific information by category is contained on page 52. The average age at retirement is 42.5 and 40.1 for ordinary and accidental disability, respectively.

## Breakdown of Members

1. Police/Firemen split for Active and Retirees

The Police/Firemen split summarized below for plan members can be found in Appendix E of this report.

|  | Policemen | Firemen | Unknown | Total |
| :---: | :---: | :---: | :---: | :---: |
| Active Contributing Members | 32,987 | 6,171 | 0 | 39,158 |
| Active Non-Contributing Members | 1,111 | 103 | 0 | 1,214 |
| Vested Terminated Participants | 54 | 4 | 0 | 58 |
| Retired Participants | 20,941 | 5,019 | 986 | 26,946 |
| Disabled Retired Participants | 4,780 | 443 | 201 | 5,424 |
| Beneficiaries | 3,431 | 1,044 | 2,292 | 6,767 |
| Total | 63,304 | 12,784 | 3,479 | 79,567 |

## Breakdown of Retired Members and Beneficiaries

1-6. Number of members receiving various benefits.
This information is included in Appendix E of this report and is summarized as follows:

## Number of Members

| Receiving Special Retirement Benefits | 24,860 |
| :--- | ---: |
| Receiving Service Retirement Benefits | 1,898 |
| Receiving Deferred Retirement Benefits | 188 |
| Receiving Ordinary Disability Benefits | 2,869 |
| Receiving Accidental Disability Benefits | 2,555 |

7. Members who died as a result of Accidental Death

We did not receive any information that indicates cause of death for deceased members.
8.-10. Number of Widows, Children, and Other Dependents

This information is included in Tables 9 and 10 of Appendix E of this report and is summarized as follows:

|  | Number |
| :--- | ---: |
| Widows/Widowers | 6,419 |
| Children | 346 |
| Other Dependents | $\frac{2}{6,767}$ |

13. The Number of Beneficiaries and Children receiving benefits due to the accidental death of a member is 113 ( 107 Beneficiaries, 5 Children and 1 other dependents). We have no information to perform a further S.H.B.P./Local Health Benefits split.

## Breakdown of Costs

The information contained in this section, "Breakdown of Costs", has been calculated in a manner consistent with that shown in prior reports.

1. Cost per member for Insurance.

Dividing the total death benefit cost of \$ 42,260,000 (\$7,702,000 for State location and $\$ 34,558,000$ for Local groups) by the number of active contributing members of 39,158 gives the total cost per member for insurance $\$ 1,079.22$.
2. Cost per member for Administration

Dividing the Administrative cost per member $=\$ 4,241,493 / 79,567$ members $=\$ 53.31$.
3.\&4. The normal contribution rates for State Locations and Municipalities and Local Groups are summarized in Section III(I) of this report.
5.\&6. The Accrued Liability rates for State Locations and Municipalities and Local Groups are also summarized in Section III(I) of this report.

## Breakdown of Purchases

We do not receive information on the active data file regarding service purchases.

## Better Breakdown of Inactive Members

To better demonstrate the effect that inactive participants have on costs, we have split the liabilities attributable to beneficiaries used to calculate the Accrued Liability into specific categories. The information summarized below can be found in Section III(E) of this report.

## Actuarial Accrued Liability

## Service/Special Retirements <br> Disableds <br> Beneficiaries <br> Deferred Terminated Vesteds <br> Total

\$ 16,268,507,062

2,200,432,903

## Percentage of Total Accrued Liability

1,887,131,774
49.30\%
6.67\%
\$ 20,364,362,540
61.72\%

The percentage shown on the right is the percent attributable to each inactive piece of the total Accrued Liability of $\$ 33,000,221,309$.

All Healthy Retirees as of July 1, 2013

| Sex | Police or <br> Firemen | Type of <br> Retirement | $\underline{\text { Counts }}$ | Average <br> Years of <br> Service | Average <br> Age at <br> Retirement | Average <br> Annual <br> Benefit | Average <br> Current <br> Age |

## APPENDIX I

## REVISED RESULTS OF THE JULY 1, 2012 ACTUARIAL VALUATION

Chapter 78, P.L. 2011 increased Member Contributions from $8.5 \%$ to $10.0 \%$ of Compensation effective October 2011. Effective with the July 1, 2012 actuarial valuation, the determination of the State and Local employers' normal cost contributions have been revised to reflect the use of all member contributions as an offset to the gross normal cost. This was the methodology used to determine the State and Local employers' normal cost contribution prior to the enactment of Chapter 78, P.L. 2011 and is consistent with the methodology typically used by contributory public-sector retirement systems to calculate the employer's normal cost contribution.

Appendix I develops the revised results of sections presented in the Annual Report of the Actuary Prepared as of July 1, 2012, which was published February 15, 2013, affected by the change in method. A comparison of the revised results (Revised) with the results of the February 15, 2013 published report (Original) is also provided. All other sections of the February 15, 2013 published report remains unchanged.

## SECTION I - SUMMARY OF KEY RESULTS

1. Includes receivable contributions of $\$ 112,467,869$ as of July 1, 2012, respectively. The amounts also include the present value of receivable ERI contributions of $\$ 16,583,726$ as of July 1, 2012, respectively. The amounts also include the present value of Chapter 19, P.L. 2009 contribution deferrals of $\$ 183,848,631$ as of July 1, 2012, respectively.
2. The contribution amounts were calculated assuming payment on $7 / 1 / 13$ respectively. Interest should be added from this date to the actual payment dates.
3. The accrued liability contribution does not include ERI payments and Local employer contributions due to Chapter 19, P.L. 2009 deferrals.
4. The fiscal year 2014 State recommended contribution could be subject to adjustment in accordance with the provisions of Chapter 1, P.L 2010. The recommended State contributions for the 2014 fiscal year have been reduced from $\$ 389,689,529$ to $\$ 167,009,800$. This amount may be subject to change per the requirements of the State's fiscal year 2014 spending plan.
5. The fiscal year 2014 State recommended contribution could be subject to adjustment in accordance with the provisions of Chapter 1, P.L 2010. The recommended State contributions for the 2014 fiscal year have been reduced from $\$ 398,052,381$ to $\$ 170,593,879$. This amount may be subject to change per the requirements of the State's fiscal year 2014 spending plan.
6. Excludes inactive members.

## SECTION III - ASSETS, LIABILITIES AND CONTRIBUTIONS

## G. Development of Normal Cost as of July 1, 2012

1. Service Retirement
2. Ordinary Disability Retirement
3. Accidental Disability Retirement
4. Ordinary Death Benefits
5. Accidental Death Benefits
6. Vested Termination Retirement
7. Return of Members' Contributions Upon Withdrawal
8. Portion Attributable to Chapter 428
9. Total (without Non-Contributory Group Insurance Premium)
10. Expected Employee Contributions ${ }^{\varnothing}$
11. Portion of Local Normal Cost Payable by the State due to:
(a) Chapter 511
(b) Chapter 247
(c) Chapter 109
(d) Chapter 428
(e) Total
12. Preliminary Pension Normal Cost as of July 1, 2012 $=9-10+11(\mathrm{e})$
13. Interest to Reflect a 1 Year Delay in Payment to July 1, 2013
14. Net Pension Normal Cost as of July 1, 2013
$=12+13$
15. Non-Contributory Group Insurance Fund Premium (one-year term cost)

## H.(I) Summary of Total Recommended Contributions

The following chart summarizes the recommended contribution amounts:

Active Participant Payroll

1. Normal Cost
a) Normal Cost (without Chapters 109, 247, 428 and 511)
b) Normal Cost for Chapter 511
c) Normal Cost for Chapter 247
d) Chapter 109 Payment
e) Normal Cost for Chapter 428
f) Net Normal Cost

$$
=(\mathrm{a})+(\mathrm{b})+(\mathrm{c})+(\mathrm{d})+(\mathrm{e})
$$

2. Accrued Liability*
a) Basic Unfunded Actuarial Liability UAL Payment
b) Chapter 204 UAL Payment
c) Chapter 247 UAL Payment
d) Chapter 428 UAL Payment**
e) Chapter 109 UAL Payment
f) Chapter 511 UAL Payment
g) Total Accrued Liability $=(a)+(b)+(c)+(d)+(e)+(f)$
3. Total Pension Contribution

$$
=1(\mathrm{f})+2(\mathrm{~g})
$$

4. Non-Contributory Group Insurance Premium (one-year term cost)

| 2. Accrued Liability Contribution Rates: ${ }^{\text {\#\# }}$ |  |  |  |  |
| a) Basic Allowances | 13.145\% | 13.930\% | 13.145\% | 13.930\% |
| b) Chapter 204 | ** | ** | ** | ** |
| c) Chapter 247* | 0.913\% | N/A | 0.913\% | N/A |
| d) Chapter 428** | 4.092\% | N/A | 4.092\% | N/A |
| e) Chapter 109* | 2.826\% | N/A | 2.826\% | N/A |
| f) Chapter 511* | 1.724\% | N/A | 1.724\% | N/A |
| 3. Non-Contributory Group Insurance Premium (one-year term cost) | 1.406\% | 0.855\% | 1.406\% | 0.855\% |

* Payment for certain costs under Chapters 109, 247, 511 and 428 (Chapter 8) for both Municipalities \& Local Groups and State Locations are made by the State in accordance with the legislation.
** Costs for locations affected by Chapter 204 are presented in Appendix C.
\# Includes the additional costs due to Chapter 86, P.L. 2001 and Chapter 318, P.L. 2001.
\#\# The rates shown for Chapters 247, 428, 109 and 511 include the rate required to fund the portions of the State-paid Local obligations that were not contributed due to the phase-in of contributions through fiscal year 2013.
$\varnothing$ Does not include ERI and the Chapter 19, P.L. 2009 Local employer payments. The Local ERI payments are presented in Appendices F and G and the Chapter 19, P.L. 2009 Local employer payments towards deferrals are summarized in Appendix H.
$\varnothing \varnothing$ Chapter 1, P.L. 2010 allows the State Treasurer to reduce the recommended contribution for the 2012 fiscal year to no less than $1 / 7$ th of the recommended contribution. Each subsequent year the amount will be increased by at least $1 / 7$ th with the full recommended contribution payable in the seventh fiscal year and thereafter.

## SECTION IV - COMMENTS CONCERNING THE VALUATION

## Chapter 247, P.L. 1993 and Chapter 201 P.L. 2001

Chapter 247 requires the State to pay the difference between the PFRS normal cost rate and the PERS normal cost rate for certain members who transferred into PFRS as of January 1, 1992 or later. In addition, the law requires the State to pay the "System" unfunded accrued liability contribution for Municipalities and Local Groups that transferred into PFRS on and after January 1, 1992 without past service. The following summarizes the number of active employees affected, the applicable contribution rates, and the Chapter 247 contributions for the current and previous valuations:

|  | Original | Revised |
| :---: | :---: | :---: |
| Chapter 247 | June 30, 2012 | June 30, 2012 |
| Number of Active Employees | 422 | 422 |
| Contribution Rates: |  |  |
| Normal Cost | 0.062\% | 0.059\% |
| Accrued Liability | 2.130\% | 2.130\% |
| Total Rate | 2.192\% | 2.189\% |
| Contributions: |  |  |
| Normal Cost | \$ 322,888 | \$ 305,813 |
| Accrued Liability | 11,020,879 | 11,020,879 |
| Total Contribution | \$11,343,767 | \$11,326,692 |

Chapter 201, P.L. 2001 made changes to Chapter 247, P.L. 1993 with respect to the benefits payable to members who transferred from PERS to PFRS as a result of the Chapter 247 legislation. The resulting increase in the unfunded accrued liabilities due to the increased benefits was fully funded by the recognition of additional market value surplus in the determination of the actuarial value of assets for the July 1, 1999 valuation. However, because of the reductions (and anticipated reductions) in the required State contributions for fiscal years 2004 through 2013 due to the various Appropriation Acts and Chapter 1, P.L. 2010, the remaining required contributions which were not paid have been added to the Chapter 247 unfunded accrued liability and will be included in future State contributions.

This page left intentionally blank

## SECTION V - ACCOUNTING INFORMATION

## A. Development of the Annual Required Contribution (ARC) as of June 30, 2014

State $\quad$ Local Employers

1. Actuarial Value of Plan Assets as of June 30, 2012
