New Jersey Division of Pensions & Benefits

For its Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2002

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Jeffrey P. Ecker
Executive Director
Letter of Transmittal

December 2003

To the Honorable

James E. McGreevey, Governor
John E. McCormac, CPA, State Treasurer
Members of the State Legislature
Members of the Boards of Trustees

On behalf of the Division of Pensions and Benefits, I am pleased to submit the 48th Comprehensive Annual Financial Report (CAFR) of the New Jersey state-administered retirement systems and related benefit programs for the fiscal year ended June 30, 2003. The management of the Division of Pensions and Benefits (the Division) is responsible for the accuracy of the data and the completeness and fairness of the presentation. To the best of our knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner that fairly presents the financial position and results of the Division’s operations.

STRUCTURE OF THE CAFR

This comprehensive annual financial report is divided into the following five sections:

- The Introductory Section, which contains this letter of transmittal, the organization of the Division and Boards of Trustees, an overview of legislation enacted during the year covered by the CAFR, and general information regarding the operations of the Division.
- The Financial Section, which contains the report of the Independent Auditors and the financial statements, schedules and supplementary financial information regarding funds administered by the Division.
- The Investment Section, which contains information pertaining to the management of the investment of the Pension Trust Funds.
- The Actuarial Section, which contains the funds' Actuary Certification letters and information regarding the actuarial
assumptions and methods used to determine the contribution requirements of the Pension Trust Funds.

- The Statistical Section, which contains general statistical information regarding the programs administered by the Division.

THE REPORTING ENTITY

The Division was established in 1955 as the Division of Pensions to provide all administration of the state pension funds except investment. The Division changed its name to the Division of Pensions and Benefits in 1992 to more accurately reflect its roles and responsibilities beyond the realm of pensions. Currently, the Division administers the second largest non-federal public benefits program in the nation, consisting of nine separate retirement systems, three supplemental retirement savings programs, a health benefits program for employees, retirees, and family members, and several other employee benefits programs. Over 700,000 members enjoy the benefits of the various pension systems administered by the Division and over 780,000 lives are covered in the State Health Benefits Program (SHBP). In addition to the State, 1,710 local public employers participate in the retirement systems and 953 local public employers participate in the SHBP.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance and Accounting Organization (GFAO) recognized the Division's CAFR of last year for Excellence in Financial Reporting. A copy of the Certificate of Achievement is included in the CAFR.

MAJOR INITIATIVES

Changes to Pension Systems - There were very few changes made to the pension systems in fiscal year '03 and they were relatively minor, such as adding retirement options to the Judicial Retirement System. The Division did acquire responsibility for administering the retirement benefit for survivors of volunteer emergency workers who died while performing their duties under the provisions of Chapter 134, P.L. 2002.

State Early Retirement Incentive Program - The State early retirement incentive program (ERI) enacted late in the fiscal year '02 continued throughout fiscal year '03 by virtue of the extensions granted. Almost 5,600 employees took the incentive offer with 1,116 being extended. The ERI was also extended to 24 independent State authorities during fiscal year '03. Thirteen authorities opted to participate.

Investment Study - The State contracted with an independent consultant, Independent Fiduciary Services, Inc., to conduct an in-depth study of the pension investment program of the Division of Investment. The study will offer suggestions to improve the return on investment of the retirement system funds. The study was completed in fiscal year '04.

Developments in the State Health Benefits Program (SHBP) - There were also very few changes made to the SHBP this year and they, also, were minor.

FINANCIAL INFORMATION

The Financial reports of the Governmental Funds, Proprietary Funds, and the Fiduciary Funds of the Division have been prepared in conformity with generally accepted accounting principals as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. The specific accounting policies can be found in the Notes to
the Financial Statements found in the Financial Section.

- The Governmental Funds include the three separate State programs for Health Benefits, Prescription Drug, and Dental Expense.
- The Proprietary Funds include the two separate Local Group programs for Health Benefits and Prescription Drug.
- The Fiduciary Funds include eleven separate pension funds and two agency funds, the Alternate Benefit Program Fund and the Pension Adjustment Fund.

A summary of the condition of the funds administered by the Division of Pensions and Benefits is located in the "Management Discussion and Analysis" that begins on page 36 of the CAFR.

Management is responsible for establishing and maintaining the accounting systems complete with internal controls so that the data presented is complete and fairly presents the financial position of the Division as of June 30, 2002. KPMG LLP independently audited the funds.

INVESTMENTS

The Division of Investment has the responsibility for investing the assets of the programs administered by the Division. This is done under the jurisdiction of the State Investment Council. Investments are guided by the "prudent person rule". During FY '03, investment returns on pension funds were 3.3 percent. When combined with the returns for previous years, the annualized returns over the past three, five, and ten-year periods were -5.6 percent, +1.8 percent, and +8.5 percent, respectively.

FUNDING

Funding is the keystone of a good benefits system. A fully funded system that has assets sufficient to meet the disability and retirement benefits schedules of all its members is one that instills confidence and trust. I'm pleased to report that our benefits systems are in excellent financial condition despite the disappointing market returns over the past several years. The liabilities of the actuarially based pension systems are 101.4 percent funded. Members and retirees can feel confident that the State-administered retirement systems in New Jersey will meet their obligations now and in the future.

PROFESSIONAL SERVICES

The Division contracts with several professional organizations for advice and assistance in administering the programs for which it is responsible. The list of these organizations is found on page 87 of the CAFR. The Office of the Attorney General provides all legal services required by the Division of Pensions and Benefits and the retirement system Boards of Trustees.

ACKNOWLEDGMENTS

The preparation of the CAFR required the combined efforts of many employees from different operational units within the Division. The CAFR is intended to provide extensive and reliable information to facilitate informed decisions, determine compliance with legal requirements, and determine responsible stewardship for the assets contributed by the systems' members, participating employers, and the taxpayers of the State.

I would like to take this opportunity to express my gratitude to the Governor, the Legislature, the Treasurer,
the Boards of Trustees, the individuals providing professional services, participating employer benefits administrators and to the outstanding employees of the Division for all their efforts and support. Such concerted effort has resulted in making New Jersey's public benefits system one of the largest and best administered in the nation.

Respectfully submitted,

Frederick J. Beaver
Director

Chapter 42, P.L. 2002
This law allows units of local governments (municipalities, counties, authorities, school boards, etc.) to issue refunding bonds to retire their unfunded accrued liability owed to the State's various pension systems created through the granting of early retirement benefits to their employees. Refunding bonds may be issued to retire the pension liabilities for a local governmental unit's participation in an early retirement incentive program established pursuant to P.L. 1991, c. 229, P.L. 1991, c. 230, P.L. 1991, c. 231, P.L. 1993, c. 138, P.L. 1993, c. 181, P.L. 1993, c. 163 and P.L. 1993, c. 99. The law would also allow units of local governments to use refunding bonds when they offer early retirement incentive programs for employees affected by consolidation agreements authorized by Chapter 59, P.L. 1999. The adoption and issuance procedures would be the same as procedures that exist under current law for the issuance of refunding bonds by the local unit.
This law also permits county improvement authorities and the Economic Development Authority to pool early retirement benefit refunding bonds from local units in order to obtain better interest rates and terms.
This law was effective July 12, 2002.

Chapter 54, P.L. 2002
This law allows members of the Judicial Retirement System (JRS) to elect to receive a reduced retirement allowance in order to provide a benefit to a named beneficiary. The five optional settlements in this law are the same as those available to members of the Public Employees' Retirement System and the Teachers' Pension and Annuity Fund.
The law also provides that within six months of its effective date, a retired JRS member may elect an optional settlement which will be applicable to the member's retirement allowance payable after the election is made.
These options, which allow JRS members to reduce their retirement allowance to provide benefits to a named beneficiary, are in addition to the JRS survivor benefits currently provided by law.
This law was effective September 2, 2002.

Chapter 109, P.L. 2002
This law authorizes the Hudson County Pension Fund to adjust annually, by resolution of its board of chosen freeholders, the pension benefits paid to retired county employees or their survivors, in order to reflect annual increases in the cost of living. The cost of living adjustment in the pension benefits paid shall be 60% of the change in the index.
In addition to notifying the secretary of the Hudson County pension commission annually of the percentage of adjustment for the applicable year, the Division of Pensions and Benefits shall promulgate such rules and regulations as deemed necessary for the effective operation of this act. The State Treasurer shall include a report of the operation of this act in the annual report submitted to the Governor and the Legislature regarding all of the operations of the Division of Pensions and Benefits.
This law was effective December 4, 2002.

Chapter 134, P.L. 2002
This law revises the statute authorizing municipalities to pay pensions to the widow and minor children of local volunteer personnel who die in the course of volunteer service.
Under this law:
1. The class of personnel eligible for the pension, which presently includes volunteer firefighters, first aid workers, and rescue squad workers, is expanded to include emergency medical technicians;
2. The class of survivors eligible to receive the pension is expanded to include widowers as well as widows, children if the widow remarries and parents if there is no widow or children.
3. The pension will be paid by the State for volunteers dying on or after January 1, 2000. The municipality is to determine the survivors' eligibility for the benefit, and must file a resolution with the State Treasurer within days 10 after adoption. The pension will commence in the first calendar year after the year of death or the year following this law's enactment, whichever is later.
4. The amount of the annual pension payable under this law is increased from $5,000 per year to $15,000 per year for unmarried widows, widowers and minor children. An annual pension of $10,000 shall be payable to the minor children if the widow or widower remarries. A $5,000 annual pension shall be payable to the parents if there is no surviving spouse or minor children.

This law was effective January 9, 2003, and is retroactive to January 1, 2000.

Chapter 3, P.L. 2003
This law amends the statutes that allow a county, municipality, or contracting unit, as defined in the "Local Public Contracts Law" P.L. 1971 c. 198 (C. 40A:11-1 et seq.) that participates in the State Health Benefits Program or another group health benefits plan to allow an employee who is eligible for other health care coverage to waive coverage to which the employee is entitled as an employee of the county, municipality, or contracting unit.

The new law amends these statutes in two ways:
1. The ability to waiver is no longer limited to employees who have other coverage as a dependent of a spouse. It extends the waiver of coverage provisions to apply to any situation in which an employee is eligible for other health care coverage, and
2. The waiver provisions are extended to county colleges in the State Health Benefits Program or another group health benefits plan.

This law was effective January 27, 2003.

Chapter 27, P.L. 2003
This law requires:
• an employer that provides a health benefits plan to its employees or their dependents to provide 30 days' prior written notice to its employees if the plan is terminated, and
• a health insurer that increases premium rates upon the renewal of a health benefits plan to provide 60 days' prior written notice of the amount of a proposed increase to the employer that purchased the plans.

The provisions of this law apply to health benefits plans impacted by P.L. 1997, c. 192, otherwise known as the "Health Care Quality Act" (N.J.S.A. 26:25-1 et seq.).

Although there is a question whether this law impacts the SHBP, the SHBP already meets or exceeds the notification provisions of this law.

This law was effective May 9, 2003.

Chapter 71, P.L. 2003
This law provides for the addition of two members to the membership of the State Health Benefits Commission. The current members are the State Treasurer who serves as the Chairman, the Commissioner of Banking and Insurance and the Commissioner of Personnel.

One of the additional members will be a State employees' representative chosen by the Public Employees' Committee of the AFL-CIO; the other will be a representative chosen by the New Jersey Education Association.

This law was effective May 5, 2003.

This system was established by Chapter 84, P.L. 1954, after the repeal of the law creating the former State Employees’ Retirement System. The retirement benefits of this system are coordinated, but not integrated with, Social Security. This system is maintained on an actuarial reserve basis. Under the terms of Chapter 71, P.L. 1966, most public employees in New Jersey not required to become members of another contributory retirement program are required to enroll.

ALTERNATE BENEFIT PROGRAM (ABP)
This program was established by several pieces of legislation between 1965 and 1968 for full-time faculty members of public institutions of higher education. It was later expanded to include certain administrative and professional titles.

Chapter 385, P.L. 1993 increased the number of investment carriers to six. The investment carriers underwriting annuities are as follows: ING Aetna Financial Services, The Travelers Insurance Company (represented by CitiStreet), Lincoln Financial Group, Metropolitan Life Insurance Co., Teachers’ Insurance and Annuity Association/College Retirement Equities Fund (TIAA/CREF) and Variable Annuity Life Insurance Co. (VALIC). The ABP is a “defined contribution” plan as
distinguished from “defined benefits” payable by the other State retirement systems. Immediate vesting after the first year's participation offers the mobility of pension credit among the private and public institutions of higher education in the United States and Canada. Group life insurance and long-term disability insurance are underwritten by the Prudential Insurance Company of America, Inc.

Some employers agree to purchase tax-sheltered annuities for the same purpose for certain eligible employees.
