## Statement of Estimated Tax for Corporations (Separate or Combined Filers) <br> Instructions

1. Who must file

Taxpayers whose accounting periods begin in 2019 and whose prior year tax liability is greater than $\$ 500$ must make four $25 \%$ estimated tax payments in the fourth, sixth, ninth and 12th months of its accounting period towards the current year's tax, except for taxpayers with gross receipts of $\$ 50$ million or more for the prior privilege period must make installment payments as follows: $25 \%$ in the 4th month, $50 \%$ in the 6th month and $25 \%$ in the 12th month. A taxpayer whose prior year tax liability is $\$ 500$ from CBT-100 or CBT-100U or $\$ 375$ from CBT-100S, may, in lieu of making these estimated tax payments, make a single estimated tax payment of $50 \%$ of the prior year's tax liability. This option must be made and the $50 \%$ payment must be remitted no later than the original due date of the prior year's tax return.
2. Electronic Filing Mandate. All taxpayers and tax preparers must file Corporation Business Tax returns and make payments electronically. This mandate includes all estimated payments. Visit www.state.nj.us/ treasury/taxation/payments-notices.shtml or check with your software provider to see if they support these filings.
3. How to determine your estimated tax Computation of the estimated tax should be made on the basis of a full accounting period. Taxpayers should determine their expected liabilities on the basis of circumstances existing at the time prescribed for filing. Use the Estimated Tax Worksheet on page 3 or 4 , whichever is applicable, for computing each installment due.
4. Estimated tax worksheet

A worksheet is provided to assist in computing the amounts of installment payments due for any taxpayer required to file a statement that has an accounting year beginning after December 31, 2018.
5. Overpayment credit from CBT-100, CBT-100U, or CBT-100S
If the prior year's return is overpaid and the taxpayer elected to apply that overpayment as a credit to the current tax year, that credit may be applied to any or all vouchers. Enter the amount of the overpayment on line 2 of the voucher. However, if the taxpayer elected to have any portion or all of the overpayment on the prior year's return refunded, this amount cannot be claimed as a credit.
6. Calendar year and fiscal year taxpayers All taxpayers should enter the appropriate tax year that the remittance should be credited to in the space
provided on the front of the voucher. Fiscal year taxpayers must also enter the beginning and ending dates of their accounting period in the space provided.
7. Underpayment of estimated tax

Any taxpayer who is required to file a statement of estimated tax must file each estimate together with remittance covering the estimated tax due on the required due date. Failure to remit such estimated payment or making an underpayment of such tax or any installment thereof, will result in the imposition of interest at an annual rate of 3\% above the average predominant prime rate for each month or fraction of a month that the underpayment exists. The average predominant prime rate to be used is the rate as determined by the Board of Governors of the Federal Reserve System, quoted by commercial banks to large businesses on December 1st of the calendar year immediately preceding the calendar year in which the payment was due or as redetermined by the Director in accordance with N.J.S.A. 54:48-2. The average predominant prime rates will be published periodically.

In general, a taxpayer will be considered as having underpaid if the total amount of the estimated tax payments for the tax year are less than $90 \%$ of the total tax liability reported on the current year's tax return and less than $100 \%$ of the total tax liability reported on the prior year's tax return. The addition to the tax on any underpayment of any installment payment is computed on form CBT-160-A or CBT-160-B, whichever is applicable, and must be paid with the return.
8. When to file

The appropriate estimated tax payment due dates for both calendar and fiscal year taxpayers can be found in the Calendar of Due Dates on page 2 of these instructions.
9. How to pay

You must pay your New Jersey estimated Corporation Business Tax electronically by e-check, electronic funds transfer (EFT), or credit card. Go to the Division of Taxation's website at njtaxation.org. Taxpayers that do not have access to the internet can call the Division's Customer Service Center at (609) 292-6400.

If you are not currently enrolled in the Electronic Funds Transfer program with the Division of Revenue and Enterprise Services, visit their website at: nj.gov/treasury/revenue/enrolleft.shtml.

*If the due date falls on a weekend or a legal holiday, the payment is due on the following business day.
Amount of Installments Due - For taxpayers with gross receipts less than $\$ 50$ million in the prior privilege period, a $25 \%$ installment payment of the current accounting year's estimated tax liability must be submitted with each of the four vouchers on or before the 15th day of the fourth, sixth, ninth, and 12th months of that year. Taxpayers with gross receipts of $\$ 50$ million or more for the prior privilege period must pay a $25 \%$ installment in the fourth month, a $50 \%$ installment in the sixth month and a $25 \%$ installment in the 12th month. If any due date prescribed for filing these installment vouchers falls on a Saturday, Sunday, or a legal holiday recognized by the State of New Jersey, the next succeeding business day will be considered the due date.
